Circulaire.

DOWNING STREET,
15 août 1881.

MONSIEUR,—J'ai l'honneur de vous transmettre, pour être publiée dans la colonie placée sous votre gouvernement, copie d'une circulaire émise par le gouvernement français, contenant les règlements au sujet de l'importation en France des conserves alimentaires renfermées dans des boîtes de fer blanc soudées.

J'ai cru qu'il était à propos d'envoyer des copies de cette circulaire à toutes les colonies afin que celles qui n'exportent pas, mais qui importent des conserves alimentaires renfermées dans des boîtes de fer blanc, puissent prendre connaissance de l'opinion exprimée par le gouvernement français au sujet des boîtes de fer blanc dont les soudures doivent être pratiquées en conformité des prescriptions.

J'ai l'honneur d'être, monsieur,

Votre très obéissant et

très humble serviteur,

KIMBERLEY.

L'officier administrant
le gouvernement du Canada.

Circulaire du 28 août 1880, No. 1455.

PARIS, le 28 août 1880.

L'attention du Département du Commerce a été appelée sur les dangers que peut faire courir aux consommateurs l'usage des conserves alimentaires

renfermées dans des boîtes dont la soudure a été pratiquée à l'intérieur et qui sont fabriquées avec des fers-blancs autres que celui qui est étamé à l'étain fin.

Le Comité consultatif d'hygiène publique, auquel la question a été soumise, a reconnu qu'il y a, en effet, pour la santé publique, de sérieux inconvénients à livrer à l'alimentation des produits qui, par leur contact avec des soudures ou des surfaces recouvertes d'un alliage contenant du plomb, peuvent être la cause d'empoisonnements plus ou moins graves. Le Comité a, par suite, émis l'avis qu'il y avait lieu d'interdire aux fabricants de boîtes pour conserves alimentaires de pratiquer les soudures à l'intérieur, et d'employer pour la confection de ces boîtes des fers-blancs autres que ceux qui ont été étamés à l'étain fin. Le Comité d'hygiène a ajouté que si les fabricants persistaient à vouloir recourir à la soudure intérieure de la bande, ils devraient être tenus de se servir exclusivement d'étain pur. Cet avis a été adopté par M. le Ministre du Commerce, et les préfets des départements ont reçu des instructions en conformité.

Il a paru nécessaire de prendre des dispositions analogues à l'égard des boîtes de conserves d'origine étrangère, tant au point de vue de la santé publique que pour ne pas mettre les fabricants Français dans un état d'infériorité vis-à-vis de leurs concurrents de l'extérieur. En conséquence, M. le ministre des Finances a décidé, sous la date du 2 avril dernier, qu'il y avait lieu d'exiger que les boîtes de conserves présentées à l'importation fussent établies en conformité des prescriptions dont il s'agit. Celles qui seraient reconnues ne pas réunir les conditions réglementaires seraient provisoirement retenues par le service, qui aurait à prévenir immédiatement le Procureur de la République du ressort.

Afin de permettre aux fabricants Français d'écouler les boîtes qu'ils peuvent avoir en magasin, il a été convenu que les nouvelles prescriptions ne seraient appliquées qu'à partir du 1er août 1881. Ce sera également à cette date qu'elles entreranno en vigueur pour les importations de l'étranger.

Les directeurs sont invités à porter ces dispositions à la connaissance du service et du commerce.

Le conseiller d'Etat, directeur général.

(Signé) AMBAUD.

DEMANDES AU PARLEMENT.

PARLEMENT FÉDÉRAL.

Règles relatives aux avis de bills privés.

51. Dans le cas de toute demande de bill privé, provenant du ressort législatif du Parlement du Canada, suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, et ayant pour objet, soit la construction d'un pont, d'un chemin de fer, d'un chemin à barrières ou d'une ligne télégraphique; soit la construction ou l'amélioration d'un port, d'un canal, d'une écluse, d'une digue ou d'une glissoire, ou autre ouvrage semblable; soit la concession d'un droit de passage d'eau, l'incorporation de professions ou métiers, ou d'une compagnie de banque ou autre compagnie par actions, soit la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, soit le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société; ou ayant pour objet quelque amendement de même nature à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande, et signé (excepté s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit

Dans les provinces de Québec et de Manitoba :

Un avis doit être inséré dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces :

Un avis doit être inséré dans la *Gazette du Canada* et dans un journal du comté ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal, alors la publication doit se faire dans un journal du comté le plus voisin où il s'en publie.

La publication de ces avis durera, dans chaque cas la période de deux mois pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Un exemplaire des numéros des journaux, reproduisant la première et la dernière insertion de l'avis, devra être transmis au greffier de chaque Chambre.

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, le pétitionnaire ou les pétitionnaires devront, en même temps qu'ils donneront l'avis prescrit par la règle précédente, donner aussi, de la même manière, avis des péages qu'ils entendent exiger, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piliers pour le passage de radeaux et des navires; et mentionner de plus s'ils se proposent de construire un pont mobile, et quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours qui précéderont l'ouverture du Parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Il en sera imprimé 600 exemplaires en anglais et 200 en français; la traduction devra être faite par les officiers de la Chambre, et l'impression par l'entrepreneur des impressions. Le pétitionnaire aura aussi à payer au comptable de la Chambre une somme de \$200, plus le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé—le dit paiement sera effectué immédiatement après la seconde lecture avant la prise en considération du bill par le comité.

Aucune pétition pour l'obtention d'un bill privé

ne sera reçue par l'une ou par l'autre Chambre après les dix premiers jours de la session.

ROBERT LEMOINE,

Greffier du Sénat.

JOHN GEORGE BOURINOT,

L'avis doit être inséré pendant six mois, à la *Gazette du Canada*, et dans deux journaux du district (si c'est dans les provinces de Québec et de Manitoba.) ou du comté ou des comtés-unis, (si c'est dans les autres provinces,) où le pétitionnaire résidait ordinairement lors de la séparation; et si le nombre voulu de journaux n'y paraît pas, alors la publication de l'avis devra se faire dans le district, le comté ou les comtés-unis voisins.

Un exemplaire en manuscrit de l'avis devra être signifié, à l'instance du pétitionnaire, à la personne d'avec laquelle il veut divorcer, si le lieu de la résidence de cette dernière peut être connu; et la preuve de cette signification ou de la diligence faite pour l'effectuer, doit être produite sous serment devant le Sénat et à sa satisfaction, lors de la lecture de la pétition.

APPLICATIONS TO PARLIAMENT.

DOMINION PARLIAMENT.

Rules relating to Notices for Private Bills.

51. All applications for Private Bills, properly the subjects of legislation by the Parliament of Canada, within the purview of "The British North America Act, 1867," whether for the erection of a Bridge, the making of a Railroad, Turnpike Road or Telegraph Line; the construction or improvement of a Harbour, Canal, Lock, Dam or Slide, or other like work; the granting the right of Ferry; the incorporation of any particular Trade or Calling, or of any Banking or other Joint Stock Company; or otherwise for the granting to any individual or individuals, any exclusive or peculiar rights or privileges whatever, or for doing any matter or thing which, in its operation, would affect the rights or property of other parties, or relate to any particular class of the community; or for making any amendment of a like nature to any former Act, shall require a Notice, clearly and distinctly specifying the nature and object of the application, and (except in the case of existing corporations) signed by, or on behalf of the applicants, to be published as follows, viz:

In the Provinces of Quebec and Manitoba.

A notice inserted in the *Canada Gazette*, in the English and French languages, and in one newspaper in the English, and in one in the French language in the District affected, or in both languages in one paper, if there be but one in the said District, or if there be no paper published therein, then, in both languages, in a paper in the nearest District, in which a newspaper is published.

In any other Province.

A notice inserted in the *Canada Gazette*, and in one newspaper published in the County, or Union of Counties affected, or if there be no paper published therein, then in a newspaper in the nearest County in which a newspaper is published. Such Notices to be continued in each case, for a period of two months during the interval of time between the close of the next preceding Session and the consideration of the Petition. And copies of the newspapers containing the first and last insertion of such notice shall be sent to the Clerk of each House.

When a Petition is for leave to bring in a Private Bill for the erection of a Toll Bridge, the petitioner or detitioners, upon giving the notice prescribed by the preceding Rule, shall also, at the same time, and in the same manner, give notice of the rates which they intend to ask; the extent of the privilege, the height of the arches, the interval between the abutments or piers for the passage of rafts and vessels, and whether they intend to erect a drawbridge, and the dimensions of the same.

Any person seeking to obtain any Private Bill shall, eight days before the meeting of Parliament, deposit with the Clerk of the House, in which the bill is to originate, a copy of such bill in the English or French language, with a sum sufficient to pay for translating and printing the same—600 copies to be printed in English, and 200 copies in French—the translation to be done by the officers of the House, and the printing by the contractor. DEMANDES AU PARLEMENT.

PARLEMENT FÉDÉRAL.

Règles relatives aux avis de bills privés.

51. Dans le cas de toute demande de bill privé, proprement du ressort législatif du Parlement du Canada, suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, et ayant pour objet, soit la construction d'un pont, d'un chemin de fer, d'un chemin à barrières ou d'une ligne télégraphique; soit la construction ou l'amélioration d'un port, d'un canal, d'une écluse, d'une digue ou d'une glissoire, ou autre ouvrage semblable; soit la concession d'un droit de passage d'eau, l'incorporation de professions ou métiers, ou d'une compagnie de banque ou autre compagnie par actions, soit la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, soit le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société; ou ayant pour objet quelque amendement de même nature à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande, et signé (excepté s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit

Dans les provinces de Québec et de Manitoba :

Un avis doit être inséré dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces :

Un avis doit être inséré dans la *Gazette du Canada* et dans un journal du comté ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal, alors la publication doit se faire dans un journal du comté le plus voisin où il s'en publie.

La publication de ces avis durera, dans chaque cas la période de deux mois pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Un exemplaire des numéros des journaux, reproduisant la première et la dernière insertion de l'avis, devra être transmis au greffier de chaque Chambre.

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, le pétitionnaire ou les pétitionnaires devront, en même temps qu'ils donneront l'avis prescrit par la règle précédente, donner aussi, de la même manière, avis des péages qu'ils entendent exiger, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piliers pour le passage de radeaux et des navires; et mentionner de plus s'ils se proposent de construire un pont mobile, et quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours qui précéderont l'ouverture du Parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Il en sera imprimé 600 exemplaires en anglais et 200 en français; la traduction devra être faite par les officiers de la Chambre, et l'impression par l'entrepreneur des impressions. Le pétitionnaire aura aussi à payer au comptable de la Chambre une somme de \$200, plus le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé—le dit paiement sera effectué immédiatement après la seconde lecture avant la prise en considération du bill par le comité.

Aucune pétition pour l'obtention d'un bill privé

ne sera reçue par l'une ou par l'autre Chambre après les dix premiers jours de la session.

ROBERT LEMOINE,

Greffier du Sénat.

JOHN GEORGE BOURINOT,

Greffier des Communes.

Règles du Sénat relatives aux avis de bills de divorce.

72. Quiconque a l'intention de demander un bill de divorce, doit donner avis de son intention, et spécifier d'avec qui et pour quelle cause il veut divorcer. L'avis doit être inséré pendant six mois, à la *Gazette du Canada*, et dans deux journaux du district (si c'est dans les provinces de Québec et de Manitoba.) ou du comté ou des comtés-unis, (si c'est dans les autres provinces,) où le pétitionnaire résidait ordinairement lors de la séparation; et si le nombre voulu de journaux n'y paraît pas, alors la publication de l'avis devra se faire dans le district, le comté ou les comtés-unis voisins.

Un exemplaire en manuscrit de l'avis devra être signifié, à l'instance du pétitionnaire, à la personne d'avec laquelle il veut divorcer, si le lieu de la résidence de cette dernière peut être connu; et la preuve de cette signification ou de la diligence faite pour l'effectuer, doit être produite sous serment devant le Sénat et à sa satisfaction, lors de la lecture de la pétition.

In order to provide immediate facilities for Officers who have been appointed "provisionally" to Companies of Infantry, to obtain certificates of qualification, required by paragraph 65 of the "Regulations and Orders for the Militia, 1879," the following arrangements have been made:—

The Commandants and Adjutants will be supplied from the District Staff, and two non-commissioned officers for each School will be detailed to act as drill sergeants and instructors.

Officers who join any School will not be required to remain thereat longer than necessary to enable them to pass the required examination.

51. All applications for Private Bills, properly the subjects of legislation by the Parliament of Canada, within the purview of "The British North America Act, 1867," whether for the erection of a Bridge, the making of a Railroad, Turnpike Road or Telegraph Line; the construction or improvement of a Harbour, Canal, Lock, Dam or Slide, or other like work; the granting the right of Ferry; the incorporation of any particular Trade or Calling, or of any Banking or other Joint Stock Company; or otherwise for the granting to any individual or individuals, any exclusive or peculiar rights or privileges whatever, or for doing any matter or thing which, in its operation, would affect the rights or property of other parties, or relate to any particular class of the community; or for making any amendment of a like nature to any former Act, shall require a Notice, clearly and distinctly specifying the nature and object of the application, and (except in the case of existing corporations) signed by, or on behalf of the applicants, to be published as follows, viz:

In the Provinces of Quebec and Manitoba.

A notice inserted in the *Canada Gazette*, in the English and French languages, and in one newspaper in the English, and in one in the French language in the District affected, or in both languages in one paper, if there be but one in the said District, or if there be no paper published therein, then, in both languages, in a paper in the nearest District, in which a newspaper is published.

In any other Province.

A notice inserted in the *Canada Gazette*, and in one newspaper published in the County, or Union of Counties affected, or if there be no paper published therein, then in a newspaper in the nearest County in which a newspaper is published. Such Notices to be continued in each case, for a period of two months during the interval of time between the close of the next preceding Session and the consideration of the Petition. And copies of the newspapers containing the first and last insertion of such notice shall be sent to the Clerk of each House.

When a Petition is for leave to bring in a Private Bill for the erection of a Toll Bridge, the petitioner or petitioners, upon giving the notice prescribed by the preceding Rule, shall also, at the same time, and in the same manner, give notice of the rates which they intend to ask; the extent of the privilege, the height of the arches, the interval between the abutments or piers for the passage of rafts and vessels, and whether they intend to erect a drawbridge, and the dimensions of the same.

Les médailles accordées par la Société Royale de Bienfaisance pour actes de bravoure et celles accordées pour adresse au maniement des armes ou aux concours de tir peuvent être portées sur le côté droit de la poitrine.

No. 2.

*Officiers nommés provisoirement.**Qualification.*

Relativement au No 2 des ordres généraux (8) du 29 avril 1881, une nouvelle prolongation de temps est accordée aux officiers combattants nommés provisoirement dans la milice active, pour leur permettre de se procurer des certificats de mérite, savoir :

Aux officiers de cavalerie, artillerie et du génie—douze mois à dater du 1er de juillet dernier, ou de la date de la nomination si elle a eu lieu depuis cette époque. De plus, une nouvelle prolongation pourra être accordée pour raisons valables, mais pour cela on devra faire une demande spéciale aux quartiers-généraux par l'entremise ordinaire. Cette demande devra faire connaître les mesures que l'officier se propose de prendre pour obtenir un certificat.

Aux officiers d'infanterie—une nouvelle période de six mois du 29 octobre courant est accordée. Les officiers d'infanterie nommés après cette date auront douze mois pour obtenir des certificats de mérite.

Les officiers négligeant de se conformer aux règlements ci-dessus pourront être retranchés de la liste des officiers de la milice active sans donner d'autre raison que "négligence d'obtenir des certificats de mérite."

No. 3.

RÈGLEMENTS RELATIFS À L'UNIFORME.

Officiers nommés provisoirement.

Les officiers nommés provisoirement, exceptés ceux appartenant à l'artillerie pour lesquels une clause spéciale a été faite, ont la permission de porter l'uniforme de petite tenue en toutes occasions excepté celles d'Etat.

No. 4.

Ecoles d'instruction militaire.

Afin de donner aux personnes qui ont été nommées "provisoirement" officiers dans des compagnies d'infanterie, la facilité d'obtenir des certificats d'efficacité voulus par le paragraphe 65 des "Règlements et Ordres pour la Milice, 1879," les dispositions suivantes ont été prises :

Dans le but de donner aux officiers d'infanterie une instruction militaire pratique, il s'ouvrira quatre écoles, savoir : une à Toronto, province d'Ontario ; une à Montréal, pour la province de Québec ; une à Saint-Jean, province du Nouveau-Brunswick, pour les provinces maritimes ; mercredi le 4 janvier 1882, et une à Ottawa, province d'Ontario, mercredi le 8 de février 1882. Ces écoles resteront ouvertes pendant l'espace de deux mois, pourvu que le nombre d'officiers qui se présenteront soit suffisant.

Les commandants et les adjudants seront pris dans l'état-major du district, et il y aura deux sous-officiers pour chaque école qui agiront comme sergents et instructeurs d'exercices.

Les officiers qui fréquenteront ces écoles ne seront pas obligés d'y demeurer plus que le temps nécessaire pour se mettre en état de subir l'examen requis.

Les certificats qui seront accordés dans ces écoles seront des certificats de seconde classe, tel que réglé par le paragraphe 69 des susdits "Règlements et Ordres pour la Milice, 1879."

Le nombre des officiers à admettre dans chaque école, pour suivre le cours d'instruction ne devra pas excéder cinquante, dont vingt pourront être des habitants de la cité où l'école est établie, ou demeurant à une distance de deux milles et les trente autres pris dans des corps de milice dont les quartiers-géné-

raux sont à une distance de plus de deux milles au moins de cette cité. Si en aucun temps il survient des vacances, elles pourront être remplies par les officiers d'infanterie qui désireront suivre les cours, venant soit d'un corps de la cité ou de tout autre corps de milice en dehors des limites de cette cité.

Les officiers qui suivront le cours d'instruction donné dans ces écoles, ne recevront, pour le temps qu'ils les fréquenteront, aucune allocation personnelle s'ils demeurent dans la ville ou seulement à une distance de deux milles de la ville où est établie l'école. Ceux qui demeurent à une distance de plus de deux milles de cette ville recevront, lors de leur obtention d'un certificat de "seconde classe," une allocation de soixante-quinze cents par jour pour le temps qu'ils auront été nécessairement obligés de rester à l'école, et, en sus, une indemnité de trois cents par mille, comme frais de route, pour se rendre à l'école et autant pour en revenir à l'expiration de leur cours d'instruction.

Il ne sera admis à ces écoles que des officiers, et ceux qui désirent fréquenter ces écoles devront en faire la demande, par la voie ordinaire, au major de brigade du district militaire dans lequel est établie l'école.

DEMANDES AU PARLEMENT.

PARLEMENT FÉDÉRAL.

Règles relatives aux avis de bills privés.

51. Dans le cas de toute demande de bill privé, proprement du ressort législatif du Parlement du Canada, suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, et ayant pour objet, soit la construction d'un pont, d'un chemin de fer, d'un chemin à barrières ou d'une ligne télégraphique; soit la construction ou l'amélioration d'un port, d'un canal, d'une écluse, d'une digue ou d'une glissoire, ou autre ouvrage semblable; soit la concession d'un droit de passage d'eau, l'incorporation de professions ou métiers, ou d'une compagnie de banque ou autre compagnie par actions, soit la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, soit le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société; ou ayant pour objet quelque amendement de même nature à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande, et signé (excepté s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit

Dans les provinces de Québec et de Manitoba :

Un avis doit être inséré dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district; ou s'il n'y paraît pas de journal, alors la publication doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces :

Un avis doit être inséré dans la *Gazette du Canada* et dans un journal du comté ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal, alors la publication doit se faire dans un journal du comté le plus voisin où il s'en publie.

La publication de ces avis durera, dans chaque cas la période de deux mois pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Un exemplaire des numéros des journaux, reproduisant la première et la dernière insertion de l'avis, devra être transmis au greffier de chaque Chambre.

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, le pétitionnaire ou les pétitionnaires devront, en même temps qu'ils donneront l'avis prescrit par la règle précédente, donner aussi, de la même manière, avis des péages qu'ils entendent exiger, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piliers pour le passage de radeaux et des navires; et mentionner de plus s'ils se proposent de construire un pont mobile, et quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours qui précéderont l'ouverture du Parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Il en sera imprimé 600 exemplaires en anglais et 200 en français; la traduction devra être faite par les officiers de la Chambre, et l'impression par l'entrepreneur des impressions. Le pétitionnaire aura aussi à payer au comptable de la Chambre une somme de \$200, plus le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comté auquel ce bill aura été renvoyé—le dit paiement sera effectué immédiatement après la seconde lecture avant la prise en considération du bill par le comité.

Aucune pétition pour l'obtention d'un bill privé

ne sera reçue par l'une ou par l'autre Chambre après les dix premiers jours de la session.

ROBERT LEMOINE,

Greffier du Sénat.

JOHN GEORGE BOURINOT,

Greffier des Communes.

Règles du Sénat relatives aux avis de bills de divorce.

72. Quiconque a l'intention de demander un bill de divorce, doit donner avis de son intention, et spécifier d'avec qui et pour quelle cause il veut divorcer. L'avis doit être inséré pendant six mois, à la *Gazette du Canada*, et dans deux journaux du district (si c'est dans les provinces de Québec et de Manitoba.) ou du comté ou des comtés-unis, (si c'est dans les autres provinces,) où le pétitionnaire résidait ordinairement lors de la séparation; et si le nombre voulu de journaux n'y paraît pas, alors la publication de l'avis devra se faire dans le district, le comté ou les comtés-unis voisins.

Un exemplaire en manuscrit de l'avis devra être signifié, à l'instance du pétitionnaire, à la personne d'avec laquelle il veut divorcer, si le lieu de la résidence de cette dernière peut être connu; et la preuve de cette signification ou de la diligence faite pour l'effectuer, doit être produite sous serment devant le Sénat et à sa satisfaction, lors de la lecture de la pétition.

The sorrowing family of our beloved chief magistrate, and the whole American people have seen with overflowing hearts, the fraternal sympathy with which the people and authorities of Canada have shared in the anxious suspense of the President's weary illness, and now in their hour of common anguish, the countless tributes of affection which come to us and them from all parts of the Dominion bear eloquent witness to the brotherhood of sorrow awakened by his death. In the name of the bereaved family, and of the people of the United States, I venture to return heartfelt thanks for all, and especially for Your Excellency's touching message of condolence.

I have, &c.,

In the Provinces of Quebec and Manitoba.

A notice inserted in the *Canada Gazette*, in the English and French languages, and in one newspaper in the English, and in one in the French language in the District affected, or in both languages in one paper, if there be but one in the said District, or if there be no paper published therein, then, in both languages, in a paper in the nearest District, in which a newspaper is published.

TÉLÉGRAMME.

Le gouverneur général du Canada au secrétaire d'Etat, Washington.

FORT SHAW,
TERRITOIRE DU MONTANA,
26 septembre 1881.

En arrivant à Montana, nous apprenons avec un vif chagrin que nos espérances ont été déçues par la mort que le Canada tout entier déplore avec vous.

LORNE.

De la part du secrétaire d'Etat actif, Washington, au gouverneur général du Canada.

DÉPARTEMENT DU SECRÉTAIRE D'ETAT,
WASHINGTON, 29 septembre 1881.

A Son Excellence
le Marquis de Lorne,
Gouverneur général du Canada.

MILORD,—En l'absence temporaire du secrétaire d'Etat, j'ai l'honneur d'accuser réception du télégramme de Votre Excellence, daté du Fort Shaw, territoire du Montana, le 26 courant, et exprimant tant en votre nom qu'en celui du peuple canadien la peine profonde avec laquelle vous avez reçu la nouvelle de la mort du Président Garfield. C'est le cœur gonflé que la famille attristée de notre bien-aimé premier magistrat et le peuple américain tout entier ont vu la sympathie fraternelle avec laquelle le peuple et les autorités du Canada ont pris part à l'anxiété causée par les longues souffrances du Président. Au moment de leurs angoisses communes, les tributs innombrables d'affection qui nous arrivent ainsi qu'à eux de toutes les parties du

Canada, prouvent éloquemment la fraternité du ehagrín éveillé par sa mort. Au nom de la famille en deuil et du peuple des Etats-Unis, j'ose adresser à tous et spécialement à Votre Excellence de cordiaux remerciements pour votre message de condoléance.
J'ai, etc.,

ROBERT R. HILL,
Secrétaire actif.

DEMANDES AU PARLEMENT.

PARLEMENT FÉDÉRAL.

Règles relatives aux avis de bills privés.

51. Dans le cas de toute demande de bill privé, proprement du ressort législatif du Parlement du Canada, suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, et ayant pour objet, soit la construction d'un pont, d'un chemin de fer, d'un chemin à barrières ou d'une ligne télégraphique; soit la construction ou l'amélioration d'un port, d'un canal, d'une écluse, d'une digue ou d'une glissoire, ou autre ouvrage semblable; soit la concession d'un droit de passage d'eau, l'incorporation de professions ou métiers, ou d'une compagnie de banque ou autre compagnie par actions, soit la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, soit le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société; ou ayant pour objet quelque amendement de même nature à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande, et signé (excepté s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit

Dans les provinces de Québec et de Manitoba :

Un avis doit être inséré dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces :

Un avis doit être inséré dans la *Gazette du Canada* et dans un journal du comté ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal, alors la publication doit se faire dans un journal du comté le plus voisin où il s'en publie.

La publication de ces avis durera, dans chaque cas la période de deux mois pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Un exemplaire des numéros des journaux, reproduisant la première et la dernière insertion de l'avis, devra être transmis au greffier de chaque Chambre.

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, le pétitionnaire ou les pétitionnaires devront, en même temps qu'ils donneront l'avis prescrit par la règle précédente, donner aussi, de la même manière, avis des péages qu'ils entendent exiger, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piliers pour le passage de bateaux et des navires; et mentionner de plus s'ils se proposent de construire un pont mobile, et quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours qui précéderont l'ouverture du Parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Il en sera imprimé 600 exemplaires en anglais et 200 en français; la traduction devra être faite par les officiers de la Chambre, et l'impression par l'entrepreneur des impressions. Le pétitionnaire aura aussi à payer au comptable de la Chambre une somme de \$200, plus le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé—le dit paiement sera effectué immédiatement après la seconde lecture avant la prise en considération du bill par le comité.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par l'une ou par l'autre Chambre après les dix premiers jours de la session.

ROBERT LEMOINE,
Greffier du Sénat.
JOHN GEORGE BOURINOT,
Greffier des Communes.

Règles du Sénat relatives aux avis de bills de divorce.

72. Quiconque a l'intention de demander un bill de divorce, doit donner avis de son intention, et spécifier d'avec qui et pour quelle cause il veut divorcer.

L'avis doit être inséré pendant six mois, à la *Gazette du Canada*, et dans deux journaux du district (si c'est dans les provinces de Québec et de Manitoba.) ou du comté ou des comtés-unis, (si c'est dans les autres provinces,) où le pétitionnaire résidait ordinairement lors de la séparation; et si le nombre voulu de journaux n'y paraît pas, alors la publication de l'avis devra se faire dans le district, le comté ou les comtés-unis voisins.

Un exemplaire en manuscrit de l'avis devra être signifié, à l'instance du pétitionnaire, à la personne d'avec laquelle il veut divorcer, si le lieu de la résidence de cette dernière peut être connu; et la preuve de cette signification ou de la diligence faite pour l'effectuer, doit être produite sous serment devant le Sénat et à sa satisfaction, lors de la lecture de la pétition.

APPLICATIONS TO PARLIAMENT.

DOMINION PARLIAMENT.

Rules relating to Notices for Private Bills.

51. All applications for Private Bills, properly the subjects of legislation by the Parliament of Canada, within the purview of "The British North America Act, 1867," whether for the erection of a Bridge, the making of a Railroad, Turnpike Road or Telegraph Line; the construction or improvement of a Harbour, Canal, Lock, Dam or Slide, or other like work; the granting the right of Ferry; the incorporation of any particular Trade or Calling, or of any Banking or other Joint Stock Company; or otherwise for the granting to any individual or individuals, any exclusive or peculiar rights or privileges whatever, or for doing any matter or thing which, in its operation, would affect the rights or property of other parties, or relate to any particular class of the community; or for making any amendment of a like nature to any former Act, shall require a Notice, clearly and distinctly specifying the nature and object of the application, and (except in the case of existing corporations) signed by, or on behalf of the applicants, to be published as follows, viz:

In the Provinces of Quebec and Manitoba.

A notice inserted in the *Canada Gazette*, in the English and French languages, and in one newspaper in the English, and in one in the French language in the District affected, or in both languages in one paper, if there be but one in the said District, or if there be no paper published therein, then, in both languages, in a paper in the nearest District, in which a newspaper is published.

In any other Province.

A notice inserted in the *Canada Gazette*, and in one newspaper published in the County, or Union of Counties affected, or if there be no paper published therein, then in a newspaper in the nearest County in which a newspaper is published. Such Notices to be continued in each case, for a period of two months during the interval of time between the close of the next preceding Session and the consideration of the Petition. And copies of the newspapers containing the first and last insertion of such notice shall be sent to the Clerk of each House.

When a Petition is for leave to bring in a Private Bill for the erection of a Toll Bridge, the petitioner or detitioners, upon giving the notice prescribed by the preceding Rule, shall also, at the same time, and in the same manner, give notice of the rates which they intend to ask; the extent of the privilege, the height of the arches, the interval between the abutments or piers for the passage of rafts and vessels, and whether they intend to erect a drawbridge, and the dimensions of the same.

Any person seeking to obtain any Private Bill shall, eight days before the meeting of Parliament, deposit with the Clerk of the House, in which the bill is to originate, a copy of such bill in the English or French language, with a sum sufficient to pay for translating and printing the same—600 copies to be printed in English, and 200 copies in French—the translation to be done by the officers of the House, and the printing by the contractor. The applicant shall be also required to pay the accountant of the House a sum of \$200 and the cost of printing the Act in the Statutes, and lodge the receipt of the same with the Clerk of the Committee to which such Bill is referred—such payment to be made immediately after the second reading, and before the consideration of the Bill by such Committee.

No Petition for a Private Bill is received by either House after the first ten days of the session.

DEMANDES AU PARLEMENT.

PARLEMENT FÉDÉRAL.

Règles relatives aux avis de bills privés.

51. Dans le cas de toute demande de bill privé, proprement du ressort législatif du Parlement du Canada, suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, et ayant pour objet, soit la construction d'un pont, d'un chemin de fer, d'un chemin à barrières ou d'une ligne télégraphique; soit la construction ou l'amélioration d'un port, d'un canal, d'une écluse, d'une digue ou d'une glissoire, ou autre ouvrage semblable; soit la concession d'un droit de passage d'eau, l'incorporation de professions ou métiers, ou d'une compagnie de banque ou autre compagnie par actions, soit la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, soit le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société; ou ayant pour objet quelque amendement de même nature à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande, et signé (excepté s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit

Dans les provinces de Québec et de Manitoba :

Un avis doit être inséré dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces :

Un avis doit être inséré dans la *Gazette du Canada* et dans un journal du comté ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal, alors la publication doit se faire dans un journal du comté le plus voisin où il s'en publie.

La publication de ces avis durera, dans chaque cas la période de deux mois pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Un exemplaire des numéros des journaux, reproduisant la première et la dernière insertion de l'avis, devra être transmis au greffier de chaque Chambre.

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, le pétitionnaire ou les pétitionnaires devront, en même temps qu'ils donneront l'avis prescrit par la règle précédente, donner aussi, de la même manière, avis des péages qu'ils entendent exiger, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piliers pour le passage de bateaux et des navires; et mentionner de plus s'ils se proposent de construire un pont mobile, et quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours qui précéderont l'ouverture du Parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Il en sera imprimé 600 exemplaires en anglais et 200 en français; la traduction devra être faite par les officiers de la Chambre, et l'impression par l'entrepreneur des impressions. Le pétitionnaire aura aussi à payer au comptable de la Chambre une somme de \$200, plus le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé—le dit paiement sera effectué immédiatement après la seconde lecture avant la prise en considération du bill par le comité.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par l'une ou par l'autre Chambre après les dix premiers jours de la session.

ROBERT LEMOINE,

Greffier du Sénat.

JOHN GEORGE BOURINOT,

Greffier des Communes.

Règles du Sénat relatives aux avis de bills de divorce.

72. Quiconque a l'intention de demander un bill de divorce, doit donner avis de son intention, et spécifier d'avec qui et pour quelle cause il veut divorcer. L'avis doit être inséré pendant six mois, à la *Gazette du Canada*, et dans deux journaux du district (si c'est dans les provinces de Québec et de Manitoba,) ou du comté ou des comtés-unis, (si c'est dans les autres provinces,) où le pétitionnaire résidait ordinairement lors de la séparation; et si le nombre voulu de journaux n'y paraît pas, alors la publication de l'avis devra se faire dans le district, le comté ou les comtés-unis voisins.

Un exemplaire en manuscrit de l'avis devra être signifié, à l'instance du pétitionnaire, à la personne d'avec laquelle il veut divorcer, si le lieu de la résidence de cette dernière peut être connu; et la preuve de cette signification ou de la diligence faite pour l'effectuer, doit être produite sous serment devant le Sénat et à sa satisfaction, lors de la lecture de la pétition.

51. All applications for Private Bills, properly the subjects of legislation by the Parliament of Canada, within the purview of "The British North America Act, 1867," whether for the erection of a Bridge, the making of a Railroad, Turnpike Road or Telegraph Line; the construction or improvement of a Harbour, Canal, Lock, Dam or Slide, or other like work; the granting the right of Ferry; the incorporation of any particular Trade or Calling, or of any Banking or other Joint Stock Company; or otherwise for the granting to any individual or individuals, any, exclusive or peculiar rights or privileges whatever, or for doing any matter or thing which, in its operation, would affect the rights or property of other parties, or relate to any particular class of the community; or for making any amendment of a like nature to any former Act, shall require a Notice, clearly and distinctly specifying the nature and object of the application, and (except in the case of existing corporations) signed by, or on behalf of the applicants, to be published as follows, viz:

In the Provinces of Quebec and Manitoba.

A notice inserted in the *Canada Gazette*, in the English and French languages, and in one newspaper in the English, and in one in the French language in the District affected, or in both languages in one paper, if there be but one in the said District, or if there be no paper published therein, then, in both languages, in a paper in the nearest District, in which a newspaper is published.

Such Notices to be continued in each case, for a period of two months during the interval of time between the close of the next preceding Session and the consideration of the Petition. And copies of the newspapers containing the first and last insertion of such notice shall be sent to the Clerk of each House.

When a Petition is for leave to bring in a Private Bill for the erection of a Toll Bridge, the petitioner or petitioners, upon giving the notice prescribed by the preceding Rule, shall also, at the same time, and in the same manner, give notice of the rates which they intend to ask; the extent of the privilege, the height of the arches, the interval between the abutments or piers for the passage of rafts and vessels, and whether they intend to erect a drawbridge, and the dimensions of the same.

Any person seeking to obtain any Private Bill shall, eight days before the meeting of Parliament, deposit with the Clerk of the House, in which the bill is to originate, a copy of such bill in the English or French language, with a sum sufficient to pay for translating and printing the same—600 copies to be printed in English, and 200 copies in French—the translation to be done by the officers of the House, and the printing by the contractor. The applicant shall be also required to pay the accountant of the House a sum of \$200 and the cost of printing the Act in the Statutes, and lodge the receipt of the same with the Clerk of the Committee to which such Bill is referred—such payment to be made immediately after the second reading, and before the consideration of the Bill by such Committee.

No Petition for a Private Bill is received by either House after the first ten days of the session.

DEMANDES AU PARLEMENT.

PARLEMENT FÉDÉRAL.

Règles relatives aux avis de bills privés.

51. Dans le cas de toute demande de bill privé, proprement du ressort législatif du Parlement du Canada, suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, et ayant pour objet, soit la construction d'un pont, d'un chemin de fer, d'un chemin à barrières ou d'une ligne télégraphique; soit la construction ou l'amélioration d'un port, d'un canal, d'une écluse, d'une digue ou d'une glissoire, ou autre ouvrage semblable; soit la concession d'un droit de passage d'eau, l'incorporation de professions ou métiers, ou d'une compagnie de banque ou autre compagnie par actions, soit la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, soit le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société; ou ayant pour objet quelque amendement de même nature à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande, et signé (excepté s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit

Dans les provinces de Québec et de Manitoba :

Un avis doit être inséré dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces :

Un avis doit être inséré dans la *Gazette du Canada* et dans un journal du comté ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal, alors la publication doit se faire dans un journal du comté le plus voisin où il s'en publie.

La publication de ces avis durera, dans chaque cas la période de deux mois pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Un exemplaire des numéros des journaux, reproduisant la première et la dernière insertion de l'avis, devra être transmis au greffier de chaque Chambre.

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, le pétitionnaire ou les pétitionnaires devront, en même temps qu'ils donneront l'avis prescrit par la règle précédente, donner aussi, de la même manière, avis des péages qu'ils entendent exiger, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piliers pour le passage de radeaux et des navires; et mentionner de plus s'ils se proposent de construire un pont mobile, et quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours qui précéderont l'ouverture du Parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Il en sera imprimé 600 exemplaires en anglais et 200 en français; la traduction devra être faite par les officiers de la Chambre, et l'impression par l'entrepreneur des impressions. Le pétitionnaire aura aussi à payer au comptable de la Chambre une somme de \$200, plus le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé—le dit paiement sera effectué immédiatement après la seconde lecture avant la prise en considération du bill par le comité.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par l'une ou par l'autre Chambre après les dix premiers jours de la session.

ROBERT LEMOINE,

Greffier du Sénat.

JOHN GEORGE BOURINOT,

Greffier des Communes.

Règles du Sénat relatives aux avis de bills de divorce.

72. Quiconque a l'intention de demander un bill de divorce, doit donner avis de son intention, et spécifier d'avec qui et pour quelle cause il veut divorcer. L'avis doit être inséré pendant six mois, à la *Gazette du Canada*, et dans deux journaux du district (si c'est dans les provinces de Québec et de Manitoba,) ou du comté ou des comtés-unis, (si c'est dans les autres provinces,) où le pétitionnaire résidait ordinairement lors de la séparation; et si le nombre voulu de journaux n'y paraît pas, alors la publication de l'avis devra se faire dans le district, le comté ou les comtés-unis voisins.

Un exemplaire en manuscrit de l'avis devra être signifié, à l'instance du pétitionnaire, à la personne d'avec laquelle il veut divorcer, si le lieu de la résidence de cette dernière peut être connu; et la preuve de cette signification ou de la diligence faite pour l'effectuer, doit être produite sous serment devant le Sénat et à sa satisfaction, lors de la lecture de la pétition.

APPLICATIONS TO PARLIAMENT.

DOMINION PARLIAMENT.

Rules relating to Notices for Private Bills.

51. All applications for Private Bills, properly the subjects of legislation by the Parliament of Canada, within the purview of "The British North America Act, 1867," whether for the erection of a Bridge, the making of a Railroad, Turnpike Road or Telegraph Line; the construction or improvement of a Harbour, Canal, Lock, Dam or Slide, or other like work; the granting the right of Ferry; the incorporation of any particular Trade or Calling, or of any Banking or other Joint Stock Company; or otherwise for the granting to any individual or individuals, any exclusive or peculiar rights or privileges whatever, or for doing any matter or thing which, in its operation, would affect the rights or property of other parties, or relate to any particular class of the community; or for making any amendment of a like nature to any former Act, shall require a Notice, clearly and distinctly specifying the nature and object of the application, and (except in the case of existing corporations) signed by, or on behalf of the applicants, to be published as follows, viz:

In the Provinces of Quebec and Manitoba.

A notice inserted in the *Canada Gazette*, in the English and French languages, and in one newspaper in the English, and in one in the French language in the District affected, or in both languages in one paper, if there be but one in the said District, or if there be no paper published therein, then, in both languages, in a paper in the nearest District, in which a newspaper is published.

In any other Province.

A notice inserted in the *Canada Gazette*, and in one newspaper published in the County, or Union of Counties affected, or if there be no paper published therein, then in a newspaper in the nearest County in which a newspaper is published. Such Notices to be continued in each case, for a period of two months during the interval of time between the close of the next preceding Session and the consideration of the Petition. And copies of the newspapers containing the first and last insertion of such notice shall be sent to the Clerk of each House.

When a Petition is for leave to bring in a Private Bill for the erection of a Toll Bridge, the petitioner or petitioners, upon giving the notice prescribed by the preceding Rule, shall also, at the same time, and in the same manner, give notice of the rates which they intend to ask; the extent of the privilege, the height of the arches, the interval between the abutments or piers for the passage of rafts and vessels, and whether they intend to erect a drawbridge, and the dimensions of the same.

Any person seeking to obtain any Private Bill shall, eight days before the meeting of Parliament, deposit with the Clerk of the House, in which the bill is to originate, a copy of such bill in the English or French language, with a sum sufficient to pay for translating and printing the same—600 copies to be printed in English, and 200 copies in French—the translation to be done by the officers of the House, and the printing by the contractor. The applicant shall be also required to pay the accountant of the House a sum of \$200 and the cost of printing the Act in the Statutes, and lodge the receipt of the same with the Clerk of the Committee to which such Bill is referred—such payment to be made immediately after the second reading, and before the consideration of the Bill by such Committee.

No Petition for a Private Bill is received by either House after the first ten days of the session.

ROBERT LEMOINE,
Clerk of the Senate.

JOHN GEORGE BOURINOT,
Clerk of the Commons.

Rules of the Senate relating to Notices for Bills of Divorce.

72. Every Applicant for a Bill of Divorce is required to give notice of his intention so to do, and to specify from whom and for what cause, by advertisements during six months, in the *Canada Gazette*, and in two newspapers published in the District, in Quebec and Manitoba, or in the County, or Union of Counties in the other Provinces, where such applicant usually resided at the time of the separation, or if the requisite number of papers cannot be found therein then in the adjoining District, or County, or Union of Counties.

73. A copy of the notice, in writing, is to be served at the instance of the applicant, upon the person from whom the Divorce is sought, if the residence of such person can be ascertained; and proof on oath of such service, or of the attempts made to effect it, to the satisfaction of the Senate, is to be adduced before the Senate on the reading of the Petition.

Parti d'artilleurs canadiens

A Shochburyness.

La publication de la lettre ci-dessous du secrétaire du gouverneur général au sujet du succès du parti d'artilleurs du Canada à Shochburyness cette année, cause beaucoup de plaisir au major général commandant.

"HOTEL DU GOUVERNEMENT,
Ottawa, 3 novembre 1881.

MONSIEUR,

J'ai ordre de Son Excellence le gouverneur-général de vous exprimer, ainsi qu'à l'artillerie du Canada, sa grande satisfaction de ce que le parti d'artilleurs qui dernièrement se rendit en Angleterre fut le compétiteur heureux à son prix à l'assemblée de l'Association d'Artillerie Royale à Shochburyness.

Cette victoire est d'autant plus honorable pour les artilleurs canadiens que leurs rivaux dans le dernier effort pour vaincre sont des hommes dont l'occupation journalière est de manœuvrer des pièces de gros calibre.

J'ai l'honneur d'être, monsieur,
Votre très obéissant et très humble serviteur,

F. DE WINTON,
Lieut. Col. A. R.,
Sec. du Gouv. Gén.

A l'Honorable

DEMANDES AU PARLEMENT.

PARLEMENT FÉDÉRAL.

Règles relatives aux avis de bills privés.

51. Dans le cas de toute demande de bill privé, proprement du ressort législatif du Parlement du Canada, suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, et ayant pour objet, soit la construction d'un pont, d'un chemin de fer, d'un chemin à barrières ou d'une ligne télégraphique; soit la construction ou l'amélioration d'un port, d'un canal, d'une écluse, d'une digue ou d'une glissoire, ou autre ouvrage semblable; soit la concession d'un droit de passage d'eau, l'incorporation de professions ou métiers, ou d'une compagnie de banque ou autre compagnie par actions, soit la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, soit le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société; ou ayant pour objet quelque amendement de même nature à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande, et signé (excepté s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit

Dans les provinces de Québec et de Manitoba :

Un avis doit être inséré dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces :

Un avis doit être inséré dans la *Gazette du Canada* et dans un journal du comté ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal, alors la publication doit se faire dans un journal du comté le plus voisin où il s'en publie.

La publication de ces avis durera, dans chaque cas la période de deux mois pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Un exemplaire des numéros des journaux, reproduisant la première et la dernière insertion de l'avis, devra être transmis au greffier de chaque Chambre.

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, le pétitionnaire ou les pétitionnaires devront, en même temps qu'ils donneront l'avis prescrit par la règle précédente, donner aussi, de la même manière, avis des péages qu'ils entendent exiger, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piliers pour le passage de radeaux et des navires; et mentionner de plus s'ils se proposent de construire un pont mobile, et quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours qui précéderont l'ouverture du Parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Il en sera imprimé 600 exemplaires en anglais et 200 en français; la traduction devra être faite par les officiers de la Chambre, et l'impression par l'entrepreneur des impressions. Le pétitionnaire aura aussi à payer au comptable de la Chambre une somme de \$200, plus le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comté auquel ce bill aura été renvoyé—le dit paiement sera effectué immédiatement après la seconde lecture avant la mise en considération du bill par le comté.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par l'une ou par l'autre Chambre après les dix premiers jours de la session.

ROBERT LEMOINE,
Greffier du Sénat.
JOHN GEORGE BOURINOT,
Greffier des Communes.

Règles du Sénat relatives aux avis de bills de divorce.

72. Quiconque a l'intention de demander un bill de divorce, doit donner avis de son intention, et spécifier d'avec qui et pour quelle cause il veut divorcer. L'avis doit être inséré pendant six mois, à la *Gazette du Canada*, et dans deux journaux du district (si c'est dans les provinces de Québec et de Manitoba,) ou du comté ou des comtés-unis, (si c'est dans les autres provinces,) où le pétitionnaire résidait ordinairement lors de la séparation; et si le nombre voulu de journaux n'y paraît pas, alors la publication de l'avis devra se faire dans le district, le comté ou les comtés-unis voisins.

Un exemplaire en manuscrit de l'avis devra être signifié, à l'instance du pétitionnaire, à la personne d'avec laquelle il veut divorcer, si le lieu de la résidence de cette dernière peut être connu; et la preuve de cette signification ou de la diligence faite pour l'effectuer, doit être produite sous serment devant le Sénat et à sa satisfaction, lors de la lecture de la pétition.

GOVERNMENT HOUSE, OTTAWA.

Thursday, 17th day of November, 1881.

PRESENT:

HIS EXCELLENCY THE ADMINISTRATOR OF
THE GOVERNMENT IN COUNCIL.

ON the recommendation of the Minister of Inland Revenue, His Excellency the Administrator of the Government has been pleased to order, and it is hereby ordered, that the following Regulations for the government of Bonded Manufactories be and the same are hereby adopted.

REGULATIONS.

1. Subject to the provisions of the Inland Revenue Act, to these Regulations, and to such further regulations as may hereafter be made by competent authority, licenses may be granted to manufacture in bond the articles herein enumerated, viz:—

Extracts,
Essences,
Perfumed Spirits,
Ethers,
Chloroform,
Tinctures,
Syrups,
Proprietary preparations,
Patent Medicines,
Resinoids,
Chemicals,
Pharmaceutical preparations,
Aniline Dyes,
Hair Oils,
Hair Washes,
Powders,
Vinegar and Acids,
Varnish, using only Methylated Spirits.

2. Alcohol used for the manufacture of spirit varnish, shall be mixed with wood naphtha, under such superintendence as the Minister of Inland Revenue may approve, and in such proportions as are hereinafter established in respect of the manufacture of methylated spirits.

3. All tinctures, essences, and extracts, manufactured in bond, and from which the alcohol or spirit can be extracted in a potable state by the usual process of redistillation or rectification, shall, when entered for consumption, pay the same duty of Excise as the alcohol or spirit which they contain would pay if entered for consumption in its pure state.

4. Extracts, essences, and tinctures manufactured in bond shall only be entered for consumption at the following places, viz:—

Quebec,	Toronto,
Kingston,	London,
Hamilton,	Halifax,
Montreal,	St. John, New Brunswick.

And when so entered, shall be subjected to such test for ascertaining the quantity of alcohol which they contain, and the possibility of extracting it in a potable state, as the Honorable the Minister of Inland Revenue may approve, and the result of such tests, declared by the Officer or operator entrusted therewith, shall be final and conclusive as to the amount of duty which such goods shall pay.

5. Any bonded manufactory licensed under the above recited Act may be closed and the license forfeited, whenever it is shewn to the satisfaction of the Minister of Inland Revenue that there is just cause for believing that frauds upon the Revenue are being perpetrated in connection with such manufactory.

6. In addition to the license fee named in the Act above cited, every person to whom a "Bonded Manufacturing License" is granted, shall pay to the Collector of Inland Revenue, in monthly instalments, such sum of money as shall be sufficient for the payment of the expenses incurred by the Inland Revenue Department for the effective supervision of the manufactures carried on under such license, and for taking account of the dutiable articles consumed in such manufacture, and of the articles produced therefrom. And the maximum sum to be so paid by the party aforesaid, shall from time to time be determined by the Minister of Inland Revenue, as he may deem necessary, and shall, as nearly as may be, be in proportion to the magnitude and general character of the business carried on under such license.

7. Goods manufactured in bond shall be removed from the apartments of the manufactory wherein they are manufactured as soon as the whole process of manufacture is completed, and shall then be placed in apartments or store-rooms set apart for that purpose, wherein they shall be bonded in the manner required by the Excise Warehousing Regulations then in force.

Except that vinegar may be entered ex-factory for duty and accounted for in the manufacturer's semi-monthly returns as in the case of other manufactures subject to excise.

8. With every application for a license to manufacture in bond, there shall be submitted a specification of all the articles to be manufactured thereunder, which specification shall set forth in detail the quantity and proportion of every ingredient to be used in the manufacture of each article.

9. Tinctures, essences and other alcoholic preparations such as are commonly kept for sale by chemists and druggists shall, when made in bond, be prepared in accordance with the formula as found in British or American Pharmacopœias, and when application is made for license to manufacture any alcoholic preparation for which there is found no formula in either of the above mentioned Pharmacopœias, such license shall not be granted unless the Commissioner of Inland Revenue is first satisfied by reasonable and sufficient proof that such article is not about to be manufactured for the purpose of evading the revenue, and that it cannot be used for the compounding of any potable mixture, nor in lieu of alcohol in the manufacture of any article that would otherwise be liable to pay a higher rate of duty.

10. No license shall be issued for the manufacture of any article which in the opinion of the Commissioner of Inland Revenue may be used as a principal ingredient in the preparation of liquors, bitters or other alcoholic compounds that may be used as a beverage.

11. All articles manufactured in bond shall be compounded or made in accordance with the formula submitted with the application for the license, and approved by the Commissioner.

12. Officers in charge of bonded manufactories shall be, and they are hereby required to see that the proportions set forth in the above mentioned specifications referred to in the 8th section are closely adhered to, but should it be ascertained by any experiment, or by any test of any of the articles made, that a greater proportion of alcohol has been used in the preparation thereof than is set forth in the specification, the duty exigible upon spirits shall be collected upon the excess of alcohol so ascertained, which excess may be computed upon the whole quantity of that article made during the currency of the license then in force, and the manufacturer shall also be liable to the penalty of forfeiting his license as well as the other penalties set forth in the Acts respecting the Inland Revenue.

13. The under side of the flooring joists of all bonded apartments in which spirits or other goods subject to

Excise duty are stored or placed while under any process of manufacture, shall, if there is any space or other apartment below them, be sheeted or lathed.

14. Dutiable vinegar produced in any bonded factory shall be in the proportion of 100 gallons of standard vinegar containing 6 per cent. of acetic acid, over and above the quantity taken for "mix" or used in the further production of vinegar, to 28 gallons of proof spirits taken into the manufactory and used for its production, with such addition to the standard quantity of vinegar as may, in the opinion of the Department of Inland Revenue, be fairly due to any other article such as sour beer, or wine, acetic acid, or any like article brought into the manufactory, in addition to the alcohol used for its production.

15. In estimating the quantity of spirits, used in any Bonded Manufactory for the production of vinegar, the Inspector may, from time to time, take into account the spirits in process of manufacture in the generators and deduct the same from the aggregate quantity taken for use since the previous settlement, (or if no prior settlement has been effected then from the commencement of operations covered by the license) in order to arrive at the quantity of spirits actually used in the production of vinegar during the said period; and in order to secure uniformity the Department may establish such Regulations as may to the Minister seem fit for the guidance of the Inspector therein.

16. The percentage of acetic acid contained in any vinegar produced in any such bonded factory shall be determined by such established chemical tests, applied by such apparatus, as may be, from time to time, directed by Departmental regulations or instructions made in that behalf.

17. The officers of Inland Revenue may, at any time, take such samples from any of the parcels of vinegar, or other article made in, or brought into any bonded manufactory as may be deemed necessary for determining their strength or quality. Samples of each parcel so tested shall be sent to the Department for confirmation, and in case the Departmental test is at variance with the test so made by the officer in charge of the manufactory, then the test made at the Department shall be final.

18. Every package of spirits and every other article or material brought into any bonded factory, whether subject to Excise or Customs duty, or not, shall be immediately placed in an apartment appropriated thereto and secured by a crown lock, the sole key whereof shall be in the exclusive custody of an officer of Inland Revenue; and no package of spirits or other article shall be removed from such locked apartment, except in the presence of the officer who has the key thereof for the time being, and in his presence every article removed from such locked apartment shall be immediately conveyed to the mixing room or other place where it is to be used and applied to the purpose for which it is intended.

19. No articles shall be kept or stored in any bonded manufactory other than such as are to be used in the manufacture of articles enumerated in the formula accompanying the application for license.

20. Every Excise mark on every package in which any excisable goods are taken to any bonded manufactory, shall be completely erased and removed from such package when it is taken from the locked apartment in which (in accordance with the provision of § 17) it has been placed.

21. No person licensed as a manufacturer in bond shall carry on any trade of buying or selling spirits, or spirituous liquors on the premises for which such license is granted, nor in any other premises situated within five hundred yards of such licensed premises, except in so far as such buying and selling is a necessary consequence of the business for which the license is granted, and permission to carry on such business is specifically granted in the license.

22. No duty-paid spirits (except goods on which the difference between Customs and Excise duty has been paid under 43 Vic. cap. 19, sec. 35, sub-sec. 11) shall be taken into any bonded manufactory.

23. Spirits to be methylated shall not be of less strength than sixty over proof, and if after they are methylated they are at any time discovered in the

market, in transit or in store, at a lower strength, they shall be dealt with as ordinary or as methylated spirits illegally removed from a distillery or bond without payment of duty.

24. Methylated spirits shall be manufactured in accordance with the following formula, viz:—

With every hundred gallons of spirits of the strength of not less than sixty over proof by Syke's Hydrometer, there shall be mixed twelve gallons of "wood naphtha of commerce," having a specific gravity of not less than .815 nor more than .830, when at a temperature of 62° Fahrenheit, and the wood naphtha so used shall not have passed through more than one process of rectification, nor shall it be of the quality known as wood alcohol.

25. The wood naphtha used in any bonded manufactory for the production of methylated spirits—may be supplied by the Department of Inland Revenue—in such manner as may be determined by the Minister of Inland Revenue.

26. Samples of wood naphtha supplied to any bonded manufactory will be taken and tested as to quality and specific gravity by the Inland Revenue officer appointed or designated for that purpose; and the naphtha from which such samples are taken shall not be used nor taken from the locked apartment in which it is stored except for the purpose of removing it from the manufactory, (a permit for such removal having been first obtained in writing from the Collector of Inland Revenue), until it has been so tested and approved as suitable for the methylating of spirits, by the said Collector of Inland Revenue.

27. Samples of methylated spirits may at any time be taken by any officer of Inland Revenue from packages of such spirits, whether in the bonded factory or elsewhere, and if when such samples are analysed by an analyst appointed by authority of the Act 37 Vict., chap. 8, they are found to be in any material degree deficient in the quantity of wood naphtha or methyl herein prescribed, the spirits from which such samples were taken shall be deemed to have been illegally removed from a distillery or bonded warehouse without payment of duty and dealt with accordingly.

28. The room in which wood naphtha is mixed with spirits shall only be accessible to the proprietor during the actual presence of an officer of Inland Revenue.

29. Not less than 250 proof gallons of alcohol shall be mixed at one time, unless by special permission first obtained from the Department, which shall be mixed in an open mixing tub, in the presence of the officer, who shall then test and gauge it as to strength and quantity.

30. After the mixing has been thoroughly completed, the strength of the mixture shall be tested, and the quantity gauged by the officer in attendance, and duly recorded. The mixture shall then be placed in casks, the casks being branded or marked on the head in legible characters, as follow:

"Methylated Spirits,"

Serial number of package,

Date on which it was mixed,

Number of gallons in the cask,

Strength,

Number of proof gallons,

Name of the Division,

Initials of the officer under whose inspection the mixture took place,

Number of the entry under which it is warehoused.

31. A stock book must be kept in the factory, in which book must be entered,—

(a). The particulars of every package of alcohol brought in, stating where manufactured, the strength and quantity; the marks, &c., on the casks, and the general number of the permit under which it was conveyed to the manufactory.

(b) The particulars of every quantity mixed, shewing the marks &c. of the original packages from which it was taken; the quantity and strength of the "Methylated Spirits" produced from it, and the particulars as to marks, numbers, &c., of the casks in which it is placed.

32. Every entry in the stock book is to be checked and initialled by the officer in charge.

33. The Department of Inland Revenue is authorized to deal with all manufacturers of Vinegar as to the quantity of vinegar to be produced from a given quantity of spirits as though these Regulations had been in force on the first day of July, 1881.

34. The following Orders in Council are hereby cancelled, viz:—

30th May, 1868—Establishing Regulations for manufactures in Bond.

28th September, 1869—Establishing additional Regulations respecting manufactures of alcoholic preparations in Bond.

5th December, 1870—Establishing Regulations for the manufacture of Methylated spirits.

16th January, 1871—Modifying the 4th Section of the Regulations first above mentioned, and—

51. All applications for Private Bills, properly the subjects of legislation by the Parliament of Canada, within the purview of "The British North America Act, 1867," whether for the erection of a Bridge, the making of a Railroad, Turnpike Road or Telegraph Line; the construction or improvement of a Harbour, Canal, Lock, Dam or Slide, or other like work; the granting the right of Ferry; the incorporation of any particular Trade or Calling, or of any Banking or other Joint Stock Company; or otherwise for the granting to any individual or individuals, any exclusive or peculiar rights or privileges whatever, or for doing any matter or thing which, in its operation, would affect the rights or property of other parties, or relate to any particular class of the community; or for making any amendment of a like nature to any former Act, shall require a Notice, clearly and distinctly specifying the nature and object of the application, and (except in the case of existing corporations) signed by, or on behalf of the applicants, to be published as follows, viz:

In the Provinces of Quebec and Manitoba.

A notice inserted in the *Canada Gazette*, in the English and French languages, and in one newspaper in the English, and in one in the French language in the District affected, or in both languages in one paper, if there be but one in the said District, or if there be no paper published therein, then, in both languages, in a paper in the nearest District, in which a newspaper is published.

In any other Province.

A notice inserted in the *Canada Gazette*, and in one newspaper published in the County, or Union of Counties affected, or if there be no paper published therein, then in a newspaper in the nearest County in which a newspaper is published. Such Notices to be continued in each case, for a period of two months during the interval of time between the close of the next preceding Session and the consideration of the Petition. And copies of the newspapers containing the first and last insertion of such notice shall be sent to the Clerk of each House.

When a Petition is for leave to bring in a Private Bill for the erection of a Toll Bridge, the petitioner or detainers, upon giving the notice prescribed by the preceding Rule, shall also, at the same time, and in the same manner, give notice of the rates which they intend to ask; the extent of the privilege, the height of the arches, the interval between the abutments or piers for the passage of rafts and vessels, and whether they intend to erect a drawbridge, and the dimensions of the same.

Any person seeking to obtain any Private Bill shall, eight days before the meeting of Parliament, deposit with the Clerk of the House, in which the bill is to originate, a copy of such bill in the English or French language, with a sum sufficient to pay for translating and printing the same—600 copies to be printed in English, and 200 copies in French—the translation to be done by the officers of the House, and the printing by the contractor. The applicant shall be also required to pay the accountant of the House a sum of \$200 and the cost of printing the Act in the Statutes, and lodge the receipt of the same with the Clerk of the Committee to which such Bill is referred—such payment to be made immediately after the second reading, and before the consideration of the Bill by such Committee.

No Petition for a Private Bill is received by either House after the first ten days of the session.

DEMANDES AU PARLEMENT.

PARLEMENT FÉDÉRAL.

Règles relatives aux avis de bills privés.

51. Dans le cas de toute demande de bill privé, proprement du ressort législatif du Parlement du Canada, suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, et ayant pour objet, soit la construction d'un pont, d'un chemin de fer, d'un chemin à barrières ou d'une ligne télégraphique; soit la construction ou l'amélioration d'un port, d'un canal, d'une écluse, d'une digue ou d'une glissoire, ou autre ouvrage semblable; soit la concession d'un droit de passage d'eau, l'incorporation de professions ou métiers, ou d'une compagnie de banque ou autre compagnie par actions, soit la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, soit le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société; ou ayant pour objet quelque amendement de même nature à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande, et signé (excepté s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit

Dans les provinces de Québec et de Manitoba :

Un avis doit être inséré dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces :

Un avis doit être inséré dans la *Gazette du Canada* et dans un journal du comté ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal, alors la publication doit se faire dans un journal du comté le plus voisin où il s'en publie.

La publication de ces avis durera, dans chaque cas la période de deux mois pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Un exemplaire des numéros des journaux, reproduisant la première et la dernière insertion de l'avis, devra être transmis au greffier de chaque Chambre.

Toute personne désirant obtenir un bill privé devra, dans les huit jours qui précéderont l'ouverture du Parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Il en sera imprimé 600 exemplaires en anglais et 200 en français; la traduction devra être faite par les officiers de la Chambre, et l'impression par l'entrepreneur des impressions. Le pétitionnaire aura aussi à payer au comptable de la Chambre une somme de \$200, plus le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé—le dit paiement sera effectué immédiatement après la seconde lecture avant la prise en considération du bill par le comité.

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, le pétitionnaire ou les pétitionnaires devront, en même temps qu'ils donneront l'avis prescrit par la règle précédente, donner aussi, de la même manière, avis des péages qu'ils entendent exiger, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piliers pour le passage de radeaux et des navires; et mentionner de plus s'ils se proposent de construire un pont mobile, et quelles en seront les dimensions.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par l'une ou par l'autre Chambre après les dix premiers jours de la session.

ROBERT LEMOINE,
Greffier du Sénat.
JOHN GEORGE BOURINOT,
Greffier des Communes.*Règles du Sénat relatives aux avis de bills de divorce.*

72. Quiconque a l'intention de demander un bill de divorce, doit donner avis de son intention, et spécifier d'avec qui et pour quelle cause il veut divorcer. L'avis doit être inséré pendant six mois, à la *Gazette du Canada*, et dans deux journaux du district (si c'est dans les provinces de Québec et de Manitoba.)

ou du comté ou des comtés-unis, (si c'est dans les autres provinces,) où le pétitionnaire résidait ordinairement lors de la séparation; et si le nombre voulu de journaux n'y paraît pas, alors la publication de l'avis devra se faire dans le district, le comté ou les comtés-unis voisins.

Un exemplaire en manuscrit de l'avis devra être signifié, à l'instance du pétitionnaire, à la personne d'avec laquelle il veut divorcer, si le lieu de la résidence de cette dernière peut être connu; et la preuve de cette signification ou de la diligence faite pour l'effectuer, doit être produite sous serment devant le Sénat et à sa satisfaction, lors de la lecture de la pétition.

GOVERNMENT HOUSE, OTTAWA.

Thursday, 17th day of November, 1881.

PRESENT:

HIS EXCELLENCY THE ADMINISTRATOR OF
THE GOVERNMENT IN COUNCIL.

ON the recommendation of the Minister of Inland Revenue, His Excellency the Administrator of the Government has been pleased to order, and it is hereby ordered, that the following Regulations for the government of Bonded Manufactories be and the same are hereby adopted.

REGULATIONS.

1. Subject to the provisions of the Inland Revenue Act, to these Regulations, and to such further regulations as may hereafter be made by competent authority, licenses may be granted to manufacture in bond the articles herein enumerated, viz:—

Extracts,
Essences,
Perfumed Spirits,
Ethers,
Chloroform,
Tinctures,
Syrups,
Proprietary preparations,
Patent Medicines,
Resinoids,
Chemicals,
Pharmaceutical preparations,
Aniline Dyes,
Hair Oils,
Hair Washes,
Powders,
Vinegar and Acids,
Varnish, using only Methylated Spirits.

2. Alcohol used for the manufacture of spirit varnish, shall be mixed with wood naphtha, under such superintendence as the Minister of Inland Revenue may approve, and in such proportions as are hereinafter established in respect of the manufacture of methylated spirits.

3. All tinctures, essences, and extracts, manufactured in bond, and from which the alcohol or spirit can be extracted in a potable state by the usual process of redistillation or rectification, shall, when entered for consumption, pay the same duty of Excise as the alcohol or spirit which they contain would pay if entered for consumption in its pure state.

4. Extracts, essences, and tinctures manufactured in bond shall only be entered for consumption at the following places, viz:—

Quebec,	Toronto,
Kingston,	London,
Hamilton,	Halifax,
Montreal,	St. John, New Brunswick.

And when so entered, shall be subjected to such test for ascertaining the quantity of alcohol which they contain, and the possibility of extracting it in a potable state, as the Honorable the Minister of Inland Revenue may approve, and the result of such tests, declared by the Officer or operator entrusted therewith, shall be final and conclusive as to the amount of duty which such goods shall pay.

5. Any bonded manufactory licensed under the above recited Act may be closed and the license forfeited, whenever it is shewn to the satisfaction of the Minister of Inland Revenue that there is just cause for believing that frauds upon the Revenue are being perpetrated in connection with such manufactory.

6. In addition to the license fee named in the Act above cited, every person to whom a "Bonded Manufacturing License" is granted, shall pay to the Collector of Inland Revenue, in monthly instalments, such sum of money as shall be sufficient for the payment of the expenses incurred by the Inland Revenue Department for the effective supervision of the manufactures carried on under such license, and for taking account of the dutiable articles consumed in such manufacture, and of the articles produced therefrom. And the maximum sum to be so paid by the party aforesaid, shall from time to time be determined by the Minister of Inland Revenue, as he may deem necessary, and shall, as nearly as may be, be in proportion to the magnitude and general character of the business carried on under such license.

7. Goods manufactured in bond shall be removed from the apartments of the manufactory wherein they are manufactured as soon as the whole process of manufacture is completed, and shall then be placed in apartments or store-rooms set apart for that purpose, wherein they shall be bonded in the manner required by the Excise Warehousing Regulations then in force.

Except that vinegar may be entered ex-factory for duty and accounted for in the manufacturer's semi-monthly returns as in the case of other manufactures subject to excise.

8. With every application for a license to manufacture in bond, there shall be submitted a specification of all the articles to be manufactured thereunder, which specification shall set forth in detail the quantity and proportion of every ingredient to be used in the manufacture of each article.

9. Tinctures, essences and other alcoholic preparations such as are commonly kept for sale by chemists and druggists shall, when made in bond, be prepared in accordance with the formula as found in British or American Pharmacopœias, and when application is made for license to manufacture any alcoholic preparation for which there is found no formula in either of the above mentioned Pharmacopœias, such license shall not be granted unless the Commissioner of Inland Revenue is first satisfied by reasonable and sufficient proof that such article is not about to be manufactured for the purpose of evading the revenue, and that it cannot be used for the compounding of any potable mixture, nor in lieu of alcohol in the manufacture of any article that would otherwise be liable to pay a higher rate of duty.

10. No license shall be issued for the manufacture of any article which in the opinion of the Commissioner of Inland Revenue may be used as a principal ingredient in the preparation of liquors, bitters or other alcoholic compounds that may be used as a beverage.

11. All articles manufactured in bond shall be compounded or made in accordance with the formula submitted with the application for the license, and approved by the Commissioner.

12. Officers in charge of bonded manufactories shall be, and they are hereby required to see that the proportions set forth in the above mentioned specifications referred to in the 8th section are closely adhered

to, but should it be ascertained by any experiment, or by any test of any of the articles made, that a greater proportion of alcohol has been used in the preparation thereof than is set forth in the specification, the duty exigible upon spirits shall be collected upon the excess of alcohol so ascertained, which excess may be computed upon the whole quantity of that article made during the currency of the license then in force, and the manufacturer shall also be liable to the penalty of forfeiting his license as well as the other penalties set forth in the Acts respecting the Inland Revenue.

13. The under side of the flooring joists of all bonded apartments in which spirits or other goods subject to Excise duty are stored or placed while under any process of manufacture, shall, if there is any space or other apartment below them, be sheeted or lathed.

14. Dutiable vinegar produced in any bonded factory shall be in the proportion of 100 gallons of standard vinegar containing 6 per cent. of acetic acid, over and above the quantity taken for "mix" or used in the further production of vinegar, to 28 gallons of proof spirits taken into the manufactory and used for its production, with such addition to the standard quantity of vinegar as may, in the opinion of the Department of Inland Revenue, be fairly due to any other article such as sour beer, or wine, acetic acid, or any like article brought into the manufactory, in addition to the alcohol used for its production.

15. In estimating the quantity of spirits, used in any Bonded Manufactory for the production of vinegar, the Inspector may, from time to time, take into account the spirits in process of manufacture in the generators and deduct the same from the aggregate quantity taken for use since the previous settlement, (or if no prior settlement has been effected then from the commencement of operations covered by the license) in order to arrive at the quantity of spirits actually used in the production of vinegar during the said period; and in order to secure uniformity the Department may establish such Regulations as may to the Minister seem fit for the guidance of the Inspector therein.

16. The percentage of acetic acid contained in any vinegar produced in any such bonded factory shall be determined by such established chemical tests, applied by such apparatus, as may be, from time to time, directed by Departmental regulations or instructions made in that behalf.

17. The officers of Inland Revenue may, at any time, take such samples from any of the parcels of vinegar, or other article made in, or brought into any bonded manufactory as may be deemed necessary for determining their strength or quality. Samples of each parcel so tested shall be sent to the Department for confirmation, and in case the Departmental test is at variance with the test so made by the officer in charge of the manufactory, then the test made at the Department shall be final.

18. Every package of spirits and every other article or material brought into any bonded factory, whether subject to Excise or Customs duty, or not, shall be immediately placed in an apartment appropriated thereto and secured by a crown lock, the sole key whereof shall be in the exclusive custody of an officer of Inland Revenue; and no package of spirits or other article shall be removed from such locked apartment, except in the presence of the officer who has the key thereof for the time being, and in his presence every article removed from such locked apartment shall be immediately conveyed to the mixing room or other place where it is to be used and applied to the purpose for which it is intended.

19. No articles shall be kept or stored in any bonded manufactory other than such as are to be used in the manufacture of articles enumerated in the formula accompanying the application for license.

20. Every Excise mark on every package in which any excisable goods are taken to any bonded manu-

factory, shall be completely erased and removed from such package when it is taken from the locked apartment in which (in accordance with the provision of § 17) it has been placed.

21. No person licensed as a manufacturer in bond shall carry on any trade of buying or selling spirits, or spirituous liquors on the premises for which such license is granted, nor in any other premises situated within five hundred yards of such licensed premises, except in so far as such buying and selling is a necessary consequence of the business for which the license is granted, and permission to carry on such business is specifically granted in the license.

22. No duty-paid spirits (except goods on which the difference between Customs and Excise duty has been paid under 43 Vic. cap. 19, sec. 35, sub-sec. 11) shall be taken into any bonded manufactory.

23. Spirits to be methylated shall not be of less strength than sixty over proof, and if after they are methylated they are at any time discovered in the market, in transit or in store, at a lower strength, they shall be dealt with as ordinary or as methylated spirits illegally removed from a distillery or bond without payment of duty.

24. Methylated spirits shall be manufactured in accordance with the following formula, viz:—

With every hundred gallons of spirits of the strength of not less than sixty over proof by Syke's Hydrometer, there shall be mixed twelve gallons of "wood naphtha of commerce," having a specific gravity of not less than .815 nor more than .830, when at a temperature of 62° Fahrenheit, and the wood naphtha so used shall not have passed through more than one process of rectification, nor shall it be of the quality known as wood alcohol.

25. The wood naphtha used in any bonded manufactory for the production of methylated spirits—may be supplied by the Department of Inland Revenue—in such manner as may be determined by the Minister of Inland Revenue.

26. Samples of wood naphtha supplied to any bonded manufactory will be taken and tested as to quality and specific gravity by the Inland Revenue officer appointed or designated for that purpose; and the naphtha from which such samples are taken shall not be used nor taken from the locked apartment in which it is stored except for the purpose of removing it from the manufactory, (a permit for such removal having been first obtained in writing from the Collector of Inland Revenue), until it has been so tested and approved as suitable for the methylating of spirits, by the said Collector of Inland Revenue.

27. Samples of methylated spirits may at any time be taken by any officer of Inland Revenue from packages of such spirits, whether in the bonded factory or elsewhere, and if when such samples are analysed by an analyst appointed by authority of the Act 37 Vict., chap. 8, they are found to be in any material degree deficient in the quantity of wood naphtha or methyl herein prescribed, the spirits from which such samples were taken shall be deemed to have been illegally removed from a distillery or bonded warehouse without payment of duty and dealt with accordingly.

28. The room in which wood naphtha is mixed with spirits shall only be accessible to the proprietor during the actual presence of an officer of Inland Revenue.

29. Not less than 250 proof gallons of alcohol shall be mixed at one time, unless by special permission first obtained from the Department, which shall be mixed in an open mixing tub, in the presence of the officer, who shall then test and gauge it as to strength and quantity.

30. After the mixing has been thoroughly completed, the strength of the mixture shall be tested, and the quantity gauged by the officer in attendance,

and duly recorded. The mixture shall then be placed in casks, the casks being branded or marked on the head in legible characters, as follow:

"Methylated Spirits,"

Serial number of package,

Date on which it was mixed,

Number of gallons in the cask,

Strength,

Number of proof gallons,

Name of the Division,

Initials of the officer under whose inspection the mixture took place,

Number of the entry under which it is warehoused.

31. A stock book must be kept in the factory, in which book must be entered,—

(a). The particulars of every package of alcohol brought in, stating where manufactured, the strength and quantity; the marks, &c., on the casks, and the general number of the permit under which it was conveyed to the manufactory.

(b). The particulars of every quantity mixed, showing the marks &c. of the original packages from which it was taken; the quantity and strength of the "Methylated Spirits" produced from it, and the particulars as to marks, numbers, &c., of the casks in which it is placed.

32. Every entry in the stock book is to be checked and initialled by the officer in charge.

33. The Department of Inland Revenue is authorized to deal with all manufacturers of Vinegar as to the quantity of vinegar to be produced from a given quantity of spirits as though these Regulations had been in force on the first day of July, 1881.

34. The following Orders in Council are hereby cancelled, viz:—

30th May, 1868—Establishing Regulations for manufactures in Bond.

28th September, 1869—Establishing additional Regulations respecting manufactures of alcoholic preparations in Bond.

5th December, 1870—Establishing Regulations for the manufacture of Methylated spirits.

MILITIA GENERAL ORDERS.

HEAD QUARTERS,

Ottawa, 25th November, 1881.

GENERAL ORDERS (27).

No. 1.

Censure of an Officer.

The Major General Commanding regrets to be called on to censure publicly an Officer of long service and good character.

By evidence produced before a Court of Enquiry which investigated the case, it appears that Lieutenant Colonel Walter Ross, 16th Battalion, when in temporary command of the Camp at Picton, Ont., on the 6th September, 1881, gave orders, without instituting sufficient enquiries, for an armed party from the Battalion under his command to pull down a certain building which was being erected as a canteen under authority of the Minister of Militia and Defence, and which when pulled down was by this armed force thrown over the fence upon the highway.

The Major General considers that Lieutenant Colonel Ross acted precipitately in calling for an

armed force, he is therefore hereby seriously censured for this grave military indiscretion, and the Major General hopes it will be a warning to this Officer, and to all future Officers Commanding in Camp or Quarters, to be very careful before proceeding to such strong measures.

HOTEL DU GOUVERNEMENT, OTTAWA.

Jeudi, le 17^e jour de novembre 1881.

PRÉSENT :

SON EXCELLENCE L'ADMINISTRATEUR DU
GOUVERNEMENT EN CONSEIL.

SUR la recommandation de l'honorable ministre du revenu de l'intérieur il a plu à Son Excellence l'Administrateur du gouvernement d'ordonner, et il est par le présent ordonné, que les règlements suivants concernant les manufactures en douane soient adoptés et les dits règlements sont par le présent adoptés.

RÈGLEMENTS.

1. Des licences pourront être accordées pour fabriquer en douane les articles ci-après énumérés, sujettes aux clauses de l'acte concernant le revenu de l'intérieur et à tous autres règlements qui pourraient être faits à l'avenir par l'autorité compétente :

Extraits,
Essences,
Parfums en esprit,
Ethers,
Chloroforme,
Teintures,
Sirops,
Préparations propres,
Médicines brevetées,

2. L'alcool employé pour la fabrication du vernis en esprit sera mêlé au naphthé de bois, sous telle surveillance qui aura été approuvée par le ministre du revenu de l'intérieur, et dans telles proportions qu'il est ci-après établi quant à ce qui regarde la manufacture des substances méthylliques.

3. Tous extraits, teintures et essences manufacturés en douane et dont l'alcool ou esprit peut être extrait

dans un état potable par les procédés ordinaires de distillation ou concentration devront, lorsqu'ils sont entrés pour la consommation, payer le même droit d'alcôl que l'alcool ou esprit qu'ils contiennent payerait s'il était entré pour la consommation dans son état pur.

4. Les extraits, essences et teintures fabriquées en douane ne pourront être entrés pour la consommation que dans les places suivantes :

Québec,	Toronto,
Kingston,	London,
Hamilton,	Halifax,

5. Toute manufacture en douane licenciée en vertu de l'acte précité peut être fermée et privée de sa licence si jamais il est démontré à la satisfaction du ministre du revenu de l'intérieur qu'il y a juste cause de croire que des fraudes sont commises au préjudice du revenu par le moyen de telle manufacture.

6. En sus du prix de la licence mentionné dans l'acte précité, toute personne qui aura obtenu une "licence pour fabriquer en douane" devra payer au percepteur du revenu de l'intérieur, en versements mensuels, telle somme d'argent qui sera suffisante pour le remboursement des dépenses encourues par le département du revenu de l'intérieur dans la surveillance des manufactures exploitées en vertu de telle licence, et dans la comptabilité nécessitée par les articles sujets à des droits consommés dans telle manufacture et les articles qui y sont produits. Et la somme maximum qui devra être ainsi payée par la personne susdite sera de temps à autre déterminée par le ministre du revenu de l'intérieur, ainsi que ce dernier le jugera nécessaire, et devra être, dans une proportion aussi rapprochée que possible, en rapport avec la grandeur et le caractère général des affaires faites en vertu de cette licence.

7. Les articles manufacturés en douane seront sortis des appartements où ils ont été manufacturés aussitôt que les procédés de manufacture auront été complétés, et seront placés dans des appartements ou entrepôts réservés à cette fin, ou ils seront détenus de la manière requise par les règlements alors en force concernant les entrepôts d'accise.

Excepté que le vinaigre provenant de la fabrique pourra être entré pour droit et être mentionné dans les rapports semi-mensuels comme dans le cas des autres manufactures sujettes à l'accise.

8. Toute demande de licence pour fabriquer en douane devra être accompagnée d'une liste spécifiant tous les articles devant être manufacturés en vertu de cette licence, telle liste devant exposer en détail les quantités et proportion de tout ingrédient devant servir à la fabrication de chaque article.

9. Les teintures, essences et autres préparations alcooliques telles que celles communément tenues en magasins par les chimistes et les droguistes devront, lorsqu'elles sont faites en douane, être préparées suivant la formule des Pharmacopées anglaise ou américaine, et quand il sera demandé une licence pour fabriquer des préparations alcooliques dont les formules ne se trouvent ni dans l'une ni dans l'autre de ces Pharmacopées, telle licence ne sera accordée que si le commissaire du revenu de l'intérieur a lieu de croire par une preuve raisonnable et suffisante que tels articles ne seront pas manufacturés dans le but de frauder le revenu et ne peuvent ser-

vir à composer une préparation potable ou à remplacer l'alcool dans la fabrication d'un article qui autrement serait sujet à un taux de droit plus élevé.

10. Il ne sera accordé aucune licence pour la manufacture d'un article qui dans l'opinion du commissaire du revenu de l'intérieur peut être employé comme un ingrédient principal dans la préparation des liqueurs, apéritifs ou autres préparations alcooliques qui peuvent être employées comme breuvage.

11. Tous les articles manufacturés en douane devront être composés ou faits conformément aux formules fournies avec la demande d'une licence, et approuvées par le commissaire.

12. Les officiers en charge des manufactures en douane devront voir, et ils sort par le présent requis de voir que les proportions énumérées dans la liste ci-dessus mentionnée dans la 8e clause sont observées strictement, mais si l'on s'est assuré par une expérience ou par une épreuve que l'alcool a été employé dans la préparation des articles en une proportion plus forte que celle mentionnée dans la dite liste, le droit exigible sur les spiritueux sera perçu sur le surplus de l'alcool ainsi constaté, tel surplus devant être compté sur toute la quantité de l'article ainsi produit depuis que la licence a été accordée. De plus le fabricant sera sujet à la privation de sa licence en même temps qu'aux autres pénalités mentionnées dans les actes concernant le revenu de l'intérieur.

13. Le dessous des solives du plancher dans tous les appartements de douane où sont déposés ou emmagasinés les spiritueux ou autres articles sujets à des droits d'accise, durant le temps de leur fabrication devra, s'il se trouve en dessous un espace ou appartement, être couvert de tapis ou de lattes.

14. Le vinaigre sujet aux droits produit dans toute manufacture en douane devra être dans la proportion de 100 gallons de vinaigre contenant 6 pour cent d'acide acétique, en plus de la quantité requise pour le coupage ou employée dans la production du vinaigre, pour 28 gallons de spiritueux pris dans la manufacture et employés à sa production, avec telle addition à la quantité requise de vinaigre qui, dans l'opinion du département du revenu de l'intérieur, peut être due raisonnablement à tout autre article telle que bière sûre ou vin, acide acétique, ou tout article du même genre apporté dans la manufacture, en plus de l'alcool employé à sa production.

15. En évaluant la quantité de spiritueux, employés dans toute manufacture en douane pour la production du vinaigre, l'inspecteur pourra, de temps à autre, prendre note des spiritueux en voie de fabrication dans les générateurs et en déduire la quantité de celle totale prise pour l'usage depuis le dernier règlement (ou s'il n'y a pas eu de règlement jusqu'alors, depuis le commencement des opérations faites en vertu de la licence) afin de déterminer la quantité des spiritueux actuellement employés dans la production du vinaigre durant la dite période; et afin d'assurer l'uniformité le département peut établir tels règlements que le ministre jugera convenables pour la gouverne de l'inspecteur.

16. Le pourcentage de l'acide acétique contenu dans le vinaigre ainsi produit dans une manufacture en douane sera déterminée par telles épreuves chimiques ordinaires, faites avec tels appareils qu'il pourra être requis par les règlements du département ou instructions à cet effet.

17. Les officiers du revenu de l'intérieur pourront en tout temps prendre, suivant qu'ils le jugeront nécessaire, des échantillons de n'importe quel baïl de vinaigre ou autre article fait dans la manufacture ou qui y aura été apporté pour en déterminer la force et la qualité. Les échantillons ainsi éprouvés seront envoyés au département pour être vérifiés, et dans le cas où la preuve faite par ce dernier différerait avec celle faite par l'officier en charge de la manufacture,

l'épreuve faite par le département sera considérée comme finale.

18. Tous spiritueux ou autres articles et matériaux apportés dans la manufacture, qu'ils soient sujets aux droits de douane ou d'accise, ou non, seront immédiatement placés dans un appartement approprié à cette fin et enfermés au moyen d'un cadenas du gouvernement, dont l'unique clef sera confiée à la garde exclusive d'un officier du revenu de l'intérieur; et aucun baril de spiritueux ou autre article ne sera enlevé de cet appartement ainsi fermé à clef si ce n'est en présence de l'officier qui est le gardien actuel de la clef; en sa présence chaque article sorti de l'appartement sera immédiatement transporté à la salle de coupage ou à celle où il doit être utilisé et appliqué aux fins qu'on se propose.

19. Il ne sera emmagasiné dans les manufactures en douane aucun article autre que ceux qui doivent entrer dans la fabrication des articles énumérés dans la formule accompagnant la demande d'une licence.

20. Toute marque d'accise faite sur un colis quelconque dans lequel des articles sujets aux droits sont transportés dans une manufacture en douane devra être enlevée de tel colis quand ce dernier est sorti de l'appartement où il a été enfermé à clef (en conformité de la clause 17e)

21. Il ne sera pas permis à une personne licenciée comme fabricant en douane de faire le commerce de vente ou achat de spiritueux ou boissons spiritueuses dans la maison pour laquelle telle licence a été prise, non plus que dans une maison située dans un rayon de cinq cents verges de telle maison licenciée, à moins que tels achat et vente soient une conséquence nécessaire du genre d'affaires pour lequel la licence aura été accordée, et que permission pour exercer tel genre d'affaires soit spécialement accordée dans la licence.

22. Il ne sera entré dans une manufacture en douane aucun spiritueux dont les droits auront été acquittés (excepté les articles sur lesquels la différence entre les droits d'accise et de douane a été payée en vertu du statut 43 Victoria, chapitre 19, section 35, sous-section 11.

23. Les spiritueux qui doivent être convertis en esprits méthyliques ne devront pas être d'une force moindre que de soixante au-dessus de preuve, et si après avoir été ainsi convertis ils sont trouvés sur le marché, en magasin ou en transit d'une force moindre ils seront traités comme les esprits ordinaires ou méthyliques illégalement sortis d'un entrepôt ou distillerie sans paiement de droits.

24. Les esprits méthyliques seront manufacturés suivant la formule suivante:—

A chaque cent gallons de spiritueux d'une force pas moindre de soixante au-dessus de preuve suivant l'hydromètre de Syke il sera mêlé douze gallons de "naphte de bois de commerce" ayant une gravité spécifique de pas moins que .815 ni plus que .830 à une température de 62° Fahrenheit, et le naphte de bois ainsi employé ne devra pas être passé par plus d'un procédé de concentration et n'être non plus de la qualité connue sous le nom d'alcool de bois.

25. Le naphte de bois employé dans toute manufacture en douane pour la production des esprits méthyliques—pourra être fourni par le département du revenu de l'intérieur—de telle façon qui pourra être déterminée par le ministre du revenu de l'intérieur.

26. Les échantillons de naphte de bois fournis à une manufacture en douane seront vérifiés quant à leur qualité et gravité spécifique par l'officier du revenu de l'intérieur nommé ou désigné à cette fin; et le naphte duquel tels échantillons sont pris ne sera employé ni sorti de l'appartement fermé à clef dans lequel il est emmagasiné, si ce n'est pour le sortir de la manufacture (un permis pour tel déplacement

ayant d'abord été obtenu par écrit du percepteur du revenu de l'intérieur), jusqu'à ce qu'il ait été ainsi éprouvé et approuvé comme convenable pour la préparation des esprits méthyliques, par le dit percepteur du revenu de l'intérieur.

27. Des échantillons d'esprits méthyliques pourront être pris en tout temps par un officier du revenu de l'intérieur des récipients contenant tels esprits, soit dans la manufacture ou ailleurs, et si ces échantillons une fois analysés par un expert nommé par l'autorité en vertu de l'Acte 37 Vict., chap. 8, manquent dans une proportion notable de la quantité de naphte de bois au méthylène prescrits par le présent, les esprits auxquels ces échantillons auront été pris seront considérés comme ayant été illégalement sortis d'une distillerie ou entrepôt de douane sans paiement de droit, et seront traités en conséquence.

28. L'appartement où le naphte de bois est mêlé avec les spiritueux ne sera accessible au propriétaire qu'en présence d'un officier du revenu de l'intérieur.

29. Il ne sera pas mêlé chaque fois moins de 250 gallons d'alcool, à moins d'une permission spéciale obtenue d'abord du département; le mélange devant être fait dans un récipient ouvert en présence de l'officier qui en constatera alors la force et de la quantité.

30. Après que le coupage aura été parfaitement effectué, l'officier présent constatera la force et la quantité du mélange. Ce dernier sera alors placé dans des barils marqués sur fonds en caractères lisibles, comme suit:—

Esprits méthyliques.

Numéro d'ordre du récipient.

Date du coupage.

Nombre de gallons dans le récipient.

Force.

Nombre de gallons en esprit.

Nom de la division.

Initiales de l'officier sous l'inspection duquel le coupage a eu lieu.

Numéro de l'entrée sous laquelle l'emmagasinage est fait.

31. Il sera tenu dans la manufacture un livre du capital dans lequel seront entrés:—

(a) Les détails de tout baril d'alcool apporté dans la manufacture, déclarant l'endroit où il a été manufacturé, ses force et quantité, les marques, etc., sur les barils, et le numéro général du permis en vertu duquel ils ont été transportés à la manufacture.

(b) Les détails de toute quantité mêlée, montrant les marques, etc., des barils originaux d'où elle a été tirée; les force et quantité des "esprits méthyliques" qui en ont été produits et les détails quant aux marques, nombres, etc., sur les barils dans lesquels elle est placée.

32. Toute entrée dans le livre du capital devra être vérifiée et porter les initiales de l'officier en charge.

33. Le département du revenu de l'intérieur est autorisé à traiter toutes les manufactures quant à la quantité de vinaigre devant être produite d'une quantité donnée de spiritueux comme si ces règlements étaient en force depuis le premier jour de juillet 1881.

34. Les ordres en Conseil suivants sont par le présent révoqués, savoir:

30 mai 1868—Etablissant des règlements pour les manufactures en douane.

28 septembre 1869—Etablissant des règlements additionnels concernant les manufactures de préparations alcooliques en douane.

ORDRES GENERAUX DE MILICE.

QUARTIERS GENERAUX,

OTTAWA, 25 novembre 1881.

ORDRES GÉNÉRAUX (27).

No. 1.

Censure d'un Officier.

Le major général commandant regrette d'avoir à censurer publiquement un vieil officier jouissant d'un bon caractère.

La preuve produite devant la cour d'enquête chargée d'éclaircir le fait démontre que le lieutenant-colonel Walter Ross, 16e bataillon, lorsqu'il commandait par interim le camp à Picton, Ont., le 6 septembre 1881, sans se renseigner suffisamment ordonna à un détachement armé du bataillon sous ses ordres de jeter à bas un bâtiment qu'on construisait pour servir de cantine avec la permission du ministre de la milice et de la défense, lequel bâtiment étant jeté à bas par le détachement fut lancé par-dessus la clôture sur le chemin public.

Le major général considère que le lieutenant-colonel Ross a agi précipitamment en demandant un détachement sous les armes, et est par le présent très-vivement blâmé au sujet de ce manque de discrétion militaire grave, et le major général espère que ce sera une leçon pour cet officier ainsi que pour tous les officiers qui à l'avenir commanderont un camp ou quartier, d'être très-prudents avant de recourir à de tels actes violents.

DEMANDES AU PARLEMENT.

PARLEMENT FÉDÉRAL.

Règles relatives aux avis de bills privés.

51. Dans le cas de toute demande de bill privé, proprement du ressort législatif du Parlement du Canada, suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, et ayant pour objet, soit la construction d'un pont, d'un chemin de fer, d'un chemin à barrières ou d'une ligne télégraphique; soit la construction ou l'amélioration d'un port, d'un canal, d'une écluse, d'une digue ou d'une glissoire, ou autre ouvrage semblable; soit la concession d'un droit de passage d'eau, l'incorporation de professions ou métiers, ou d'une compagnie de banque ou autre compagnie par actions, soit la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, soit le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société; ou ayant pour objet quelque amendement de même nature à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande, et signé (excepté s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit

Dans les provinces de Québec et de Manitoba :

Un avis doit être inséré dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces :

Un avis doit être inséré dans la *Gazette du Canada* et dans un journal du comté ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal, alors la publication doit se faire dans un journal du comté le plus voisin où il s'en publie.

La publication de ces avis durera, dans chaque cas la période de deux mois pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Un exemplaire des numéros des journaux, reproduisant la première et la dernière insertion de l'avis, devra être transmis au greffier de chaque Chambre.

Toute personne désirant obtenir un bill privé devra, dans les huit jours qui précéderont l'ouverture du Parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Il en sera imprimé 600 exemplaires en anglais et 200 en français; la traduction devra être faite par les officiers de la Chambre, et l'impression par l'entrepreneur des impressions. Le pétitionnaire aura aussi à payer au comptable de la Chambre une somme de \$200, plus le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comté auquel ce bill aura été renvoyé—le dit paiement sera effectué immédiatement après la seconde lecture avant la prise en considération du bill par le comté.

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, le pétitionnaire ou les pétitionnaires devront, en même temps qu'ils donneront l'avis prescrit par la règle précédente, donner aussi, de la même manière, avis des péages qu'ils entendent exiger, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piliers pour le passage de radeaux et des navires; et mentionner de plus s'ils se proposent de construire un pont mobile, et quelles en seront les dimensions.

Aucune pétition pour l'obtention d'un bill privé

ne sera reçue par l'une ou par l'autre Chambre après les dix premiers jours de la session.

ROBERT LEMOINE,

Greffier du Sénat.

JOHN GEORGE BOURINOT,

Greffier des Communes.

Règles du Sénat relatives aux avis de bills de divorce.

72. Quiconque a l'intention de demander un bill de divorce, doit donner avis de son intention, et spécifier d'avec qui et pour quelle cause il veut divorcer. L'avis doit être inséré pendant six mois, à la *Gazette du Canada*, et dans deux journaux du district (si c'est dans les provinces de Québec et de Manitoba.) ou du comté ou des comtés-unis, (si c'est dans les autres provinces,) où le pétitionnaire résidait ordinairement lors de la séparation; et si le nombre voulu de journaux n'y paraît pas, alors la publication de l'avis devra se faire dans le district, le comté ou les comtés-unis voisins.

Un exemplaire en manuscrit de l'avis devra être signifié, à l'instance du pétitionnaire, à la personne d'avec laquelle il veut divorcer, si le lieu de la résidence de cette dernière peut être connu; et la preuve de cette signification ou de la diligence faite pour l'effectuer, doit être produite sous serment devant le Sénat et à sa satisfaction, lors de la lecture de la pétition.

PRESENT :

HIS EXCELLENCY THE ADMINISTRATOR OF
THE GOVERNMENT IN COUNCIL.

ON the recommendation of the Minister of Inland Revenue, His Excellency the Administrator of the Government has been pleased to order, and it is hereby ordered, that the following Regulations for the government of Bonded Manufactories be and the same are hereby adopted.

REGULATIONS.

1. Subject to the provisions of the Inland Revenue Act, to these Regulations, and to such further regulations as may hereafter be made by competent authority, licenses may be granted to manufacture in bond the articles herein enumerated, viz :—

Extracts,
Essences,
Perfumed Spirits,
Ethers,
Chloroform,
Tinctures,
Syrups,
Proprietary preparations,
Patent Medicines,
Resinoids,
Chemicals,
Pharmaceutical preparations,
Aniline Dyes,
Hair Oils,
Hair Washes,
Powders,
Vinegar and Acids,
Varnish, using only Methylated Spirits.

2. Alcohol used for the manufacture of spirit varnish, shall be mixed with wood naphtha, under such superintendence as the Minister of Inland Revenue may approve, and in such proportions as are hereinafter established in respect of the manufacture of methylated spirits.

3. All tinctures, essences, and extracts, manufactured in bond, and from which the alcohol or spirit can be extracted in a potable state by the usual process of re-distillation or rectification, shall, when entered for consumption, pay the same duty of Excise as the alcohol or spirit which they contain would pay if entered for consumption in its pure state.

4. Extracts, essences, and tinctures manufactured in bond shall only be entered for consumption at the following places, viz :—

Quebec,	Toronto,
Kingston,	London,
Hamilton,	Halifax,
Montreal,	St. John, New Brunswick.

And when so entered, shall be subjected to such test for ascertaining the quantity of alcohol which they contain, and the possibility of extracting it in a potable state, as the Honorable the Minister of Inland Revenue may approve, and the result of such tests, declared by the Officer or operator entrusted therewith, shall be final and conclusive as to the amount of duty which such goods shall pay.

5. Any bonded manufactory licensed under the above recited Act may be closed and the license forfeited, whenever it is shewn to the satisfaction of the Minister of Inland Revenue that there is just cause for believing that frauds upon the Revenue are being perpetrated in connection with such manufactory.

6. In addition to the license fee named in the Act above cited, every person to whom a "Bonded Manufacturing License" is granted, shall pay to the Collector of Inland Revenue, in monthly instalments, such sum of money as shall be sufficient for the payment of the expenses incurred by the Inland Revenue Department for the effective supervision of the manufactures carried on under such license, and for taking account of the dutiable articles consumed in such manufacture, and of the articles produced therefrom. And the maximum sum to be so paid by the party aforesaid, shall from time to time be determined by the Minister of Inland Revenue, as he may deem necessary, and shall, as nearly as may be, be in proportion to the magnitude and general character of the business carried on under such license.

7. Goods manufactured in bond shall be removed from the apartments of the manufactory wherein they are manufactured as soon as the whole process of manufacture is completed, and shall then be placed in apartments or store-rooms set apart for that purpose, wherein they shall be bonded in the manner required by the Excise Warehousing Regulations then in force.

Except that vinegar may be entered ex-factory for duty and accounted for in the manufacturer's semi-monthly returns as in the case of other manufactures subject to excise.

8. With every application for a license to manufacture in bond, there shall be submitted a specification of all the articles to be manufactured thereunder, which specification shall set forth in detail the quantity and proportion of every ingredient to be used in the manufacture of each article.

9. Tinctures, essences and other alcoholic preparations such as are commonly kept for sale by chemists and druggists shall, when made in bond, be prepared in accordance with the formula as found in British or American Pharmacopœias, and when application is made for license to manufacture any alcoholic preparation for which there is found no formula in either of the above mentioned Pharmacopœias, such license shall not be granted unless the Commissioner of Inland Revenue is first satisfied by reasonable and sufficient proof that such article is not about to be manufactured for the purpose of evading the revenue, and that it cannot be used for the compounding of any potable mixture, nor in lieu of alcohol in the manufacture of any article that would otherwise be liable to pay a higher rate of duty.

10. No license shall be issued for the manufacture of any article which in the opinion of the Commissioner of Inland Revenue may be used as a principal ingredient in the preparation of liquors, bitters or other alcoholic compounds that may be used as a beverage.

11. All articles manufactured in bond shall be compounded or made in accordance with the formula submitted with the application for the license, and approved by the Commissioner.

12. Officers in charge of bonded manufactories shall be, and they are hereby required to see that the proportions set forth in the above mentioned specifications referred to in the 8th section are closely adhered

to, but should it be ascertained by any experiment, or by any test of any of the articles made, that a greater proportion of alcohol has been used in the preparation thereof than is set forth in the specification, the duty exigible upon spirits shall be collected upon the excess of alcohol so ascertained, which excess may be computed upon the whole quantity of that article made during the currency of the license then in force, and the manufacturer shall also be liable to the penalty of forfeiting his license as well as the other penalties set forth in the Acts respecting the Inland Revenue.

13. The under side of the flooring joists of all bonded apartments in which spirits or other goods subject to Excise duty are stored or placed while under any process of manufacture, shall, if there is any space or other apartment below them, be sheeted or lathed.

14. Dutiable vinegar produced in any bonded factory shall be in the proportion of 100 gallons of standard vinegar containing 6 per cent. of acetic acid, over and above the quantity taken for "mix" or used in the further production of vinegar, to 28 gallons of proof spirits taken into the manufactory and used for its production, with such addition to the standard quantity of vinegar as may, in the opinion of the Department of Inland Revenue, be fairly due to any other article such as sour beer, or wine, acetic acid, or any like article brought into the manufactory, in addition to the alcohol used for its production.

15. In estimating the quantity of spirits, used in any Bonded Manufactory for the production of vinegar, the Inspector may, from time to time, take into account the spirits in process of manufacture in the generators and deduct the same from the aggregate quantity taken for use since the previous settlement, (or if no prior settlement has been effected then from the commencement of operations covered by the license) in order to arrive at the quantity of spirits actually used in the production of vinegar during the said period; and in order to secure uniformity the Department may establish such Regulations as may to the Minister seem fit for the guidance of the Inspector therein.

16. The percentage of acetic acid contained in any vinegar produced in any such bonded factory shall be determined by such established chemical tests, applied by such apparatus, as may be, from time to time, directed by Departmental regulations or instructions made in that behalf.

17. The officers of Inland Revenue may, at any time, take such samples from any of the parcels of vinegar, or other article made in, or brought into any bonded manufactory as may be deemed necessary for determining their strength or quality. Samples of each parcel so tested shall be sent to the Department for confirmation, and in case the Departmental test is at variance with the test so made by the officer in charge of the manufactory, then the test made at the Department shall be final.

18. Every package of spirits and every other article or material brought into any bonded factory, whether subject to Excise or Customs duty, or not, shall be immediately placed in an apartment appropriated thereto and secured by a crown lock, the sole key whereof shall be in the exclusive custody of an officer of Inland Revenue; and no package of spirits or other article shall be removed from such locked apartment, except in the presence of the officer who has the key thereof for the time being, and in his presence every article removed from such locked apartment shall be immediately conveyed to the mixing room or other place where it is to be used and applied to the purpose for which it is intended.

19. No articles shall be kept or stored in any bonded manufactory other than such as are to be used in the manufacture of articles enumerated in the formula accompanying the application for license.

20. Every Excise mark on every package in which any excisable goods are taken to any bonded manu-

factory, shall be completely erased and removed from such package when it is taken from the locked apartment in which (in accordance with the provision of § 17) it has been placed.

21. No person licensed as a manufacturer in bond shall carry on any trade of buying or selling spirits, or spirituous liquors on the premises for which such license is granted, nor in any other premises situated within five hundred yards of such licensed premises, except in so far as such buying and selling is a necessary consequence of the business for which the license is granted, and permission to carry on such business is specifically granted in the license.

22. No duty-paid spirits (except goods on which the difference between Customs and Excise duty has been paid under 43 Vic. cap. 19, sec. 35, sub-sec. 11) shall be taken into any bonded manufactory.

23. Spirits to be methylated shall not be of less strength than sixty over proof, and if after they are methylated they are at any time discovered in the market, in transit or in store, at a lower strength, they shall be dealt with as ordinary or as methylated spirits illegally removed from a distillery or bond without payment of duty.

24. Methylated spirits shall be manufactured in accordance with the following formula, viz :—

With every hundred gallons of spirits of the strength of not less than sixty over proof by Syke's Hydrometer, there shall be mixed twelve gallons of "wood naptha of commerce," having a specific gravity of not less than .815 nor more than .830, when at a temperature of 62° Fahrenheit, and the wood naptha so used shall not have passed through more than one process of rectification, nor shall it be of the quality known as wood alcohol.

25. The wood naptha used in any bonded manufactory for the production of methylated spirits—may be supplied by the Department of Inland Revenue—in such manner as may be determined by the Minister of Inland Revenue.

26. Samples of wood naptha supplied to any bonded manufactory will be taken and tested as to quality and specific gravity by the Inland Revenue officer appointed or designated for that purpose; and the naptha from which such samples are taken shall not be used nor taken from the locked apartment in which it is stored except for the purpose of removing it from the manufactory, (a permit for such removal having been first obtained in writing from the Collector of Inland Revenue), until it has been so tested and approved as suitable for the methylating of spirits, by the said Collector of Inland Revenue.

27. Samples of methylated spirits may at any time be taken by any officer of Inland Revenue from packages of such spirits, whether in the bonded factory or elsewhere, and if when such samples are analysed by an analyst appointed by authority of the Act 37 Vict., chap. 8, they are found to be in any material degree deficient in the quantity of wood naptha or methyl herein prescribed, the spirits from which such samples were taken shall be deemed to have been illegally removed from a distillery or bonded warehouse without payment of duty and dealt with accordingly.

28. The room in which wood naptha is mixed with spirits shall only be accessible to the proprietor during the actual presence of an officer of Inland Revenue.

29. Not less than 250 proof gallons of alcohol shall be mixed at one time, unless by special permission first obtained from the Department, which shall be mixed in an open mixing tub, in the presence of the officer, who shall then test and gauge it as to strength and quantity.

30. After the mixing has been thoroughly completed, the strength of the mixture shall be tested, and the quantity gauged by the officer in attendance,

and duly recorded. The mixture shall then be placed in casks, the casks being branded or marked on the head in legible characters, as follow :

Date on which it was mixed,

Strength,

32. Every entry in the stock book is to be checked and initialled by the officer in charge.

33. The Department of Inland Revenue is authorized to deal with all manufacturers of Vinegar as to the quantity of vinegar to be produced from a given quantity of spirits as though these Regulations had been in force on the first day of July, 1881.

In the Provinces of Quebec and Manitoba.

A notice inserted in the *Canada Gazette*, in the English and French languages, and in one newspaper in the English, and in one in the French language in the District affected, or in both languages in one paper, if there be but one in the said District, or if there be no paper published therein, then, in both languages, in a paper in the nearest District, in which a newspaper is published.

En sus du prix de la licence mentionné dans l'acte précité, toute personne qui aura obtenu une "licence pour manifacter en douane" devra payer au percepteur du revenu de l'intérieur, en versements mensuels, telle somme d'argent qui sera suffisante pour le remboursement des dépenses encourues par le département du revenu de l'intérieur dans la surveillance des manufactures exploitées en vertu de telle licence, et dans la comptabilité nécessitée par les articles sujets à des droits consommés dans telle manufacture et les articles qui y sont produits. Et la somme maximum qui devra être ainsi payée par la

personne susdite sera de temps à autre déterminée par le ministre du revenu de l'intérieur, ainsi que ce dernier le jugera nécessaire, et devra être, dans une proportion aussi rapprochée que possible, en rapport avec la grandeur et le caractère général des affaires faites en vertu de cette licence.

7. Les articles manufacturés en douane seront sortis des appartements où ils ont été manufacturés aussitôt que les procédés de manufacture auront été complétés, et seront placés dans des appartements ou entrepôts réservés à cette fin, ou ils seront détenus de la manière requise par les règlements alors en force concernant les entrepôts d'accise.

Excepté que le vinaigre provenant de la fabrique pourra être entré pour droit et être mentionné dans les rapports semi-mensuels comme dans le cas des autres manufactures sujettes à l'accise.

8. Toute demande de licence pour manufacturer en douane devra être accompagnée d'une liste spécifiant tous les articles devant être manufacturés en vertu de cette licence, telle liste devant exposer en détail les quantité et proportion de tout ingrédient devant servir à la fabrication de chaque article.

9. Les teintures, essences et autres préparations alcooliques telles que celles communément tenues en magasins par les chimistes et les droguistes devront, lorsqu'elles sont faites en douane, être préparées suivant la formule des Pharmacopies anglaise ou américaine, et quand il sera demandé une licence pour manufacturer des préparations alcooliques dont les formules ne se trouvent ni dans l'une ni dans l'autre de ces Pharmacopies, telle licence ne sera accordée que si le commissaire du revenu de l'intérieur a lieu de croire par une preuve raisonnable et suffisante que tels articles ne seront pas manufacturés dans le but de frauder le revenu et ne peuvent servir à composer une préparation potable ou à remplacer l'alcool dans la fabrication d'un article qui autrement serait sujet à un taux de droit plus élevé.

10. Il ne sera accordé aucune licence pour la manufacture d'un article qui dans l'opinion du commissaire du revenu de l'intérieur peut être employé comme un ingrédient principal dans la préparation des liqueurs, apéritifs ou autres préparations alcooliques qui peuvent être employées comme breuvage.

11. Tous les articles manufacturés en douane devront être composés ou faits conformément aux formules fournies avec la demande d'une licence, et approuvées par le commissaire.

12. Les officiers en charge des manufactures en douane devront voir, et ils sont par le présent requis de voir que les proportions énumérées dans la liste ci-dessus mentionnée dans la 8e clause soient observées strictement, mais si l'on s'est assuré par une expérience ou par une épreuve que l'alcool a été employé dans la préparation des articles en une proportion plus forte que celle mentionnée dans la dite liste, le droit exigible sur les spiritueux sera perçu sur le surplus de l'alcool ainsi constaté, tel surplus devant être compté sur toute la quantité de l'article ainsi produit depuis que la licence a été accordée. De plus le fabricant sera sujet à la privation de sa licence en même temps qu'aux autres pénalités mentionnées dans les actes concernant le revenu de l'intérieur.

13. Le dessous des solives du plancher dans tous les appartements de douane où sont déposés ou emmagasinés les spiritueux ou autres articles sujets à des droits d'accise, durant le temps de leur fabrication devra, s'il se trouve en dessous un espace ou appartement, être couvert de tapis ou de lattes.

14. Le vinaigre sujet aux droits produit dans toute manufacture en douane devra être dans la proportion de 100 gallons de vinaigre contenant 6 pour cent d'acide acétique, en plus de la quantité requise pour le coupage ou employée dans la production du vinaigre, pour 28 gallons de spiritueux pris dans la

manufacture et employés à sa production, avec telle addition à la quantité requise de vinaigre qui, dans l'opinion du département du revenu de l'intérieur, peut être due raisonnablement à tout autre article telle que bière sûre ou vin, acide acétique, ou tout article du même genre apporté dans la manufacture, en plus de l'alcool employé à sa production.

15. En évaluant la quantité de spiritueux, employés dans toute manufacture en douane pour la production du vinaigre, l'inspecteur pourra, de temps à autre, prendre note des spiritueux en voie de fabrication dans les générateurs et en déduire la quantité de celle totale prise pour l'usage depuis le dernier règlement (ou s'il n'y a pas eu de règlement jusqu'alors, depuis le commencement des opérations faites en vertu de la licence) afin de déterminer la quantité des spiritueux actuellement employés dans la production du vinaigre durant la dite période; et afin d'assurer l'uniformité le département peut établir tels règlements que le ministre jugera convenables pour la gouverne de l'inspecteur.

16. Le pourcentage de l'acide acétique contenu dans le vinaigre ainsi produit dans une manufacture en douane sera déterminée par telles épreuves chimiques ordinaires, faites avec tels appareils qu'il pourra être requis par les règlements du département ou instructions à cet effet.

17. Les officiers du revenu de l'intérieur pourront en tout temps prendre, suivant qu'ils le jugeront nécessaire, des échantillons de n'importe quel baril de vinaigre ou autre article fait dans la manufacture ou qui y aura été apporté pour en déterminer la force et la qualité. Les échantillons ainsi éprouvés seront envoyés au département pour être vérifiés, et dans le cas où la preuve faite par ce dernier différerait avec celle faite par l'officier en charge de la manufacture, l'épreuve faite par le département sera considérée comme finale.

18. Tous spiritueux ou autres articles et matériaux apportés dans la manufacture, qu'ils soient sujets aux droits de douane ou d'accise, ou non, seront immédiatement placés dans un appartement approprié à cette fin et enfermés au moyen d'un cadenas du gouvernement, dont l'unique clef sera confiée à la garde exclusive d'un officier du revenu de l'intérieur; et aucun baril de spiritueux ou autre article ne sera enlevé de cet appartement ainsi fermé à clef si ce n'est en présence de l'officier qui est le gardien actuel de la clef; en sa présence chaque article sorti de l'appartement sera immédiatement transporté à la salle de coupage ou à celle où il doit être utilisé et appliqué aux fins qu'on se propose.

19. Il ne sera emmagasiné dans les manufactures en douane aucun article autre que ceux qui doivent entrer dans la fabrication des articles énumérés dans la formule accompagnant la demande d'une licence.

20. Toute marque d'accise faite sur un colis quelconque dans lequel des articles sujets aux droits sont transportés dans une manufacture en douane devra être enlevée de tel colis quand ce dernier est sorti de l'appartement où il a été enfermé à clef (en conformité de la clause 17e)

21. Il ne sera pas permis à une personne licenciée comme fabricant en douane de faire le commerce de vente ou achat de spiritueux ou boissons spiritueuses dans la maison pour laquelle telle licence a été prise, non plus que dans une maison située dans un rayon de cinq cents verges de telle maison licenciée, à moins que tels achat et vente soient une conséquence nécessaire du genre d'affaires pour lequel la licence aura été accordée, et que permission pour exercer tel genre d'affaires soit spécialement accordée dans la licence.

22. Il ne sera entré dans une manufacture en douane aucun spiritueux dont les droits auront été acquittés (excepté les articles sur lesquels la différence entre les droits d'accise et de douane a été

payée en vertu du statut 43 Victoria, chapitre 19, section 35, sous-section 11.

23. Les spiritueux qui doivent être convertis en esprits méthyliques ne devront pas être d'une force moindre que de soixante au-dessus de preuve, et si après avoir été ainsi convertis ils sont trouvés sur le marché, en magasin ou en transit d'une force moindre ils seront traités comme les esprits ordinaires ou méthyliques illégalement sortis d'un entrepôt ou distillerie sans paiement de droits.

24. Les esprits méthyliques seront manufacturés suivant la formule suivante:—

A chaque cent gallons de spiritueux d'une force pas moindre de soixante au-dessus de preuve suivant l'hydromètre de Syke il sera mêlé douze gallons de "naphte de bois de commerce" ayant une gravité spécifique de pas moins que .815 ni plus que .830 à une température de 62° Fahrenheit, et le naphte de bois ainsi employé ne devra pas être passé par plus d'un procédé de concentration et n'être non plus de la qualité connue sous le nom d'alcool de bois.

25. Le naphte de bois employé dans toute manufacture en douane pour la production des esprits méthyliques—pourra être fourni par le département du revenu de l'intérieur—de telle façon qui pourra être déterminée par le ministre du revenu de l'intérieur.

26. Les échantillons de naphte de bois fournis à une manufacture en douane seront vérifiés quant à leur qualité et gravité spécifique par l'officier du revenu de l'intérieur nommé ou désigné à cette fin; et le naphte duquel tels échantillons sont pris ne sera employé ni sorti de l'appartement fermé à clef dans lequel il est emmagasiné, si ce n'est pour le sortir de la manufacture (un permis pour tel déplacement ayant d'abord été obtenu par écrit du percepteur du revenu de l'intérieur), jusqu'à ce qu'il ait été ainsi éprouvé et approuvé comme convenable pour la préparation des esprits méthyliques, par le dit percepteur du revenu de l'intérieur.

27. Des échantillons d'esprits méthyliques pourront être pris en tout temps par un officier du revenu de l'intérieur des récipients contenant tels esprits, soit dans la manufacture ou ailleurs, et si ces échantillons une fois analysés par un expert nommé par l'autorité en vertu de l'Acte 37 Vict., chap. 8, manquent dans une proportion notable de la quantité de naphte de bois au méthylène prescrits par le présent, les esprits auxquels ces échantillons auront été pris seront considérés comme ayant été illégalement sortis d'une distillerie ou entrepôt de douane sans paiement de droit, et seront traités en conséquence.

28. L'appartement où le naphte de bois est mêlé avec les spiritueux ne sera accessible au propriétaire qu'en présence d'un officier du revenu de l'intérieur.

29. Il ne sera pas mêlé chaque fois moins de 250 gallons d'alcool, à moins d'une permission spéciale obtenue d'abord du département; le mélange devant être fait dans un récipient ouvert en présence de l'officier qui en constatera alors la force et de la quantité.

30. Après que le coupage aura été parfaitement effectué, l'officier présent constatera la force et la quantité du mélange. Ce dernier sera alors placé dans des barils marqués sur fonds en caractères lisibles, comme suit:—

Esprits méthyliques.

Numéro d'ordre du récipient.

Date du coupage.

Nombre de gallons dans le récipient.

Force.

Nombre de gallons en esprit.

Nom de la division.

Initiales de l'officier sous l'inspection duquel le coupage a eu lieu.

Numéro de l'entrée sous laquelle l'emmagasinage est fait.

31. Il sera tenu dans la manufacture un livre du capital dans lequel seront entrés:—

(a) Les détails de tout baril d'alcool apporté dans la manufacture, déclarant l'endroit où il a été manufacturé, ses force et quantité, les marques, etc., sur les barils, et le numéro général du permis en vertu duquel ils ont été transportés à la manufacture.

(b) Les détails de toute quantité mêlée, montrant les marques, etc., des barils originaux d'où elle a été tirée; les force et quantité des "esprits méthyliques" qui en ont été produits et les détails quant aux marques, nombres, etc., sur les barils dans lesquels elle est placée.

32. Toute entrée dans le livre du capital devra être vérifiée et porter les initiales de l'officier en charge.

33. Le département du revenu de l'intérieur est autorisé à traiter toutes les manufactures quant à la quantité de vinaigre devant être produite d'une quantité donnée de spiritueux comme si ces règlements étaient en force depuis le premier jour de juillet 1881.

34. Les ordres en Conseil suivants sont par le présent révoqués, savoir:

30 mai 1863—Etablissant des règlements pour les manufactures en douane.

DEMANDES AU PARLEMENT.

PARLEMENT FÉDÉRAL.

Règles relatives aux avis de bills privés.

51. Dans le cas de toute demande de bill privé, proprement du ressort législatif du Parlement du Canada, suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, et ayant pour objet, soit la construction d'un pont, d'un chemin de fer, d'un chemin à barrières ou d'une ligne télégraphique; soit la construction ou l'amélioration d'un port, d'un canal, d'une écluse, d'une digue ou d'une glissoire, ou autre ouvrage semblable; soit la concession d'un droit de passage d'eau, l'incorporation de professions ou métiers, ou d'une compagnie de banque ou autre compagnie par actions, soit la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, soit le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société; ou ayant pour objet quelque amendement de même nature à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande, et signé (excepté s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit.

Dans les provinces de Québec et de Manitoba :

Un avis doit être inséré dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces :

Un avis doit être inséré dans la *Gazette du Canada* et dans un journal du comté ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal, alors la publication doit se faire dans un journal du comté le plus voisin où il s'en publie.

La publication de ces avis durera, dans chaque cas la période de deux mois pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Un exemplaire des numéros des journaux, reproduisant la première et la dernière insertion de l'avis, devra être transmis au greffier de chaque Chambre.

Toute personne désirant obtenir un bill privé devra, dans les huit jours qui précéderont l'ouverture du Parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Il en sera imprimé 600 exemplaires en anglais et 200 en français; la traduction devra être faite par les officiers de la Chambre, et l'impression par l'entrepreneur des impressions. Le pétitionnaire aura aussi à payer au comptable de la Chambre une somme de \$200, plus le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comté auquel ce bill aura été renvoyé—le dit paiement sera effectué immédiatement après la seconde lecture avant la prise en considération du bill par le comté.

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, le pétitionnaire ou les pétitionnaires devront, en même temps qu'ils donneront l'avis prescrit par la règle précédente, donner aussi, de la même manière, avis des péages qu'ils entendent exiger, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piliers pour le passage de radeaux et des navires; et mentionner de plus s'ils se proposent de construire un pont mobile, et quelles en seront les dimensions.

Aucune pétition pour l'obtention d'un bill privé

ne sera reçue par l'une ou par l'autre Chambre après les dix premiers jours de la session.

ROBERT LEMOINE,
Greffier du Sénat.
JOHN GEORGE BOURINOT,
Greffier des Communes.

Règles du Sénat relatives aux avis de bills de divorce.

72. Quiconque a l'intention de demander un bill de divorce, doit donner avis de son intention, et spécifier d'avec qui et pour quelle cause il veut divorcer. L'avis doit être inséré pendant six mois, à la *Gazette du Canada*, et dans deux journaux du district (si c'est dans les provinces de Québec et de Manitoba.) ou du comté ou des comtés-unis, (si c'est dans les autres provinces,) où le pétitionnaire résidait ordinairement lors de la séparation; et si le nombre voulu de journaux n'y paraît pas, alors la publication de l'avis devra se faire dans le district, le comté ou les comtés-unis voisins.

Un exemplaire en manuscrit de l'avis devra être signifié, à l'instance du pétitionnaire, à la personne d'avec laquelle il veut divorcer, si le lieu de la résidence de cette dernière peut être connu; et la preuve de cette signification ou de la diligence faite pour l'effectuer, doit être produite sous serment devant le Sénat et à sa satisfaction, lors de la lecture de la pétition.

51. All applications for Private Bills, properly the subjects of legislation by the Parliament of Canada, within the purview of "The British North America Act, 1867," whether for the erection of a Bridge, the making of a Railroad, Turnpike Road or Telegraph Line; the construction or improvement of a Harbour, Canal, Lock, Dam or Slide, or other like work; the granting the right of Ferry; the incorporation of any particular Trade or Calling, or of any Banking or other Joint Stock Company; or otherwise for the granting to any individual or individuals, any exclusive or peculiar rights or privileges whatever, or for doing any matter or thing which, in its operation, would affect the rights or property of other parties, or relate to any particular class of the community; or for making any amendment of a like nature to any former Act, shall require a Notice, clearly and distinctly specifying the nature and object of the application, and (except in the case of existing corporations) signed by, or on behalf of the applicants, to be published as follows, viz:

In the Provinces of Quebec and Manitoba.

A notice inserted in the *Canada Gazette*, in the English and French languages, and in one newspaper in the English, and in one in the French language in the District affected, or in both languages in one paper, if there be but one in the said District, or if there be no paper published therein, then, in both languages, in a paper in the nearest District, in which a newspaper is published.

Such Notices to be continued in each case, for a period of two months during the interval of time between the close of the next preceding Session and the consideration of the Petition. And copies of the newspapers containing the first and last insertion of such notice shall be sent to the Clerk of each House.

they intend to erect a drawbridge, and the dimensions of the same.

Any person seeking to obtain any Private Bill shall, eight days before the meeting of Parliament, deposit with the Clerk of the House, in which the bill is to originate, a copy of such bill in the English or French language, with a sum sufficient to pay for translating and printing the same—600 copies to be printed in English, and 200 copies in French—the translation to be done by the officers of the House, and the printing by the contractor. The applicant shall be also required to pay the accountant of the House a sum of \$200 and the cost of printing the Act in the Statutes, and lodge the receipt of the same with the Clerk of the Committee to which such Bill is referred—such payment to be made immediately after the second reading, and before the consideration of the Bill by such Committee.

Vinaigre et acides,
Vernis, préparé seulement avec substances méthyliques.

2. L'alcool employé pour la fabrication du vernis en esprit sera mêlé au naphthé de bois, sous telle surveillance qui aura été approuvée par le ministre du revenu de l'intérieur, et dans telles proportions qu'il est ci-après établi quant à ce qui regarde la manufacture des substances méthyliques.

3. Tous extraits, teintures et essences manufacturés en douane et dont l'alcool ou esprit peut être extrait dans un état potable par les procédés ordinaires de distillation ou concentration devront, lorsqu'ils sont entrés pour la consommation, payer le même droit d'accise que l'alcool ou esprit qu'ils contiennent payerait s'il était entré pour la consommation dans son état pur.

4. Les extraits, essences et teintures fabriquées en douane ne pourront être entrés pour la consommation que dans les places suivantes :

Québec,	Toronto,
Kingston,	London,
Hamilton,	Halifax,
Montréal,	St. Jean, N. B.

Et quand ils auront été entrés ainsi ils seront sujets à telle épreuve pour déterminer la quantité d'alcool qu'ils contiennent et de la possibilité de l'extraire en une condition potable, qu'il plaira à l'honorable ministre du revenu de l'intérieur d'approuver, et le résultat de telles épreuves déclaré par l'officier ou l'opérateur qui en aura été chargé sera final et décisif quant à ce qui regarde le montant du droit qui devra être payé sur telles marchandises.

5. Toute manufacture en douane licenciée en vertu de l'acte précité peut être fermée et privée de sa licence si jamais il est démontré à la satisfaction du ministre du revenu de l'intérieur qu'il y a juste cause de croire que des fraudes sont commises au préjudice du revenu par le moyen de telle manufacture.

6. En sus du prix de la licence mentionné dans l'acte précité, toute personne qui aura obtenu une "licence pour manifacter en douane" devra payer au percepteur du revenu de l'intérieur, en versements mensuels, telle somme d'argent qui sera suffisante pour le remboursement des dépenses encourues par le département du revenu de l'intérieur dans la surveillance des manufactures exploitées en vertu de telle licence, et dans la comptabilité nécessitée par les articles sujets à des droits consommés dans telle manufacture et les articles qui y sont produits. Et la somme maximum qui devra être ainsi payée par la

personne susdite sera de temps à autre déterminée par le ministre du revenu de l'intérieur, ainsi que ce dernier le jugera nécessaire, et devra être, dans une proportion aussi rapprochée que possible, en rapport avec la grandeur et le caractère général des affaires faites en vertu de cette licence.

7. Les articles manufacturés en douane seront sortis des appartements où ils ont été manufacturés aussitôt que les procédés de manufacture auront été complétés, et seront placés dans des appartements ou entrepôts réservés à cette fin, ou ils seront détenus de la manière requise par les règlements alors en force concernant les entrepôts d'accise.

Excepté que le vinaigre provenant de la fabrique pourra être entré pour droit et être mentionné dans les rapports semi-mensuels comme dans le cas des autres manufactures sujettes à l'accise.

8. Toute demande de licence pour manifacter en douane devra être accompagnée d'une liste spécifiant tous les articles devant être manufacturés en vertu de cette licence, telle liste devant exposer en détail les quantités et proportions de tout ingrédient devant servir à la fabrication de chaque article.

9. Les teintures, essences et autres préparations alcooliques telles que celles communément tenues en magasins par les chimistes et les droguistes devront, lorsqu'elles sont faites en douane, être préparées suivant la formule des Pharmacopées anglaise ou américaine, et quand il sera demandé une licence pour manifacter des préparations alcooliques dont les formules ne se trouvent ni dans l'une ni dans l'autre de ces Pharmacopées, telle licence ne sera accordée que si le commissaire du revenu de l'intérieur a lieu de croire par une preuve raisonnable et suffisante que tels articles ne seront pas manufacturés dans le but de frauder le revenu et ne peuvent servir à composer une préparation potable ou à remplacer l'alcool dans la fabrication d'un article qui autrement serait sujet à un taux de droit plus élevé.

10. Il ne sera accordé aucune licence pour la manufacture d'un article qui dans l'opinion du commissaire du revenu de l'intérieur peut être employé comme un ingrédient principal dans la préparation des liqueurs, apéritifs ou autres préparations alcooliques qui peuvent être employées comme breuvage.

11. Tous les articles manufacturés en douane devront être composés ou faits conformément aux formules fournies avec la demande d'une licence, et approuvées par le commissaire.

12. Les officiers en charge des manufactures en douane devront voir, et ils sont par le présent requis de voir que les proportions énumérées dans la liste ci-dessus mentionnée dans la 8e clause soient observées strictement, mais si l'on s'est assuré par une expérience ou par une épreuve que l'alcool a été employé dans la préparation des articles en une proportion plus forte que celle mentionnée dans la dite liste, le droit exigible sur les spiritueux sera perçu sur le surplus de l'alcool ainsi constaté, tel surplus devant être compté sur toute la quantité de l'article ainsi produit depuis que la licence a été accordée. De plus le fabricant sera sujet à la privation de sa licence en même temps qu'aux autres pénalités mentionnées dans les actes concernant le revenu de l'intérieur.

13. Le dessous des solives du plancher dans tous les appartements de douane où sont déposés ou emmagasinés les spiritueux ou autres articles sujets à des droits d'accise, durant le temps de leur fabrication devra, s'il se trouve en dessous un espace ou appartement, être couvert de tapis ou de lattes.

14. Le vinaigre sujet aux droits produit dans toute manufacture en douane devra être dans la proportion de 100 gallons de vinaigre contenant 6 pour cent d'acide acétique, en plus de la quantité requise pour le coupage ou employée dans la production du vinaigre, pour 28 gallons de spiritueux pris dans la

manufacture et employés à sa production, avec telle addition à la quantité requise de vinaigre qui, dans l'opinion du département du revenu de l'intérieur, peut être due raisonnablement à tout autre article que bière sûre ou vin, acide acétique, ou tout autre article du même genre apporté dans la manufacture, en plus de l'alcool employé à sa production.

15. En évaluant la quantité de spiritueux, employés dans toute manufacture en douane pour la production du vinaigre, l'inspecteur pourra, de temps à autre, prendre note des spiritueux en voie de fabrication dans les générateurs et en déduire la quantité de celle totale prise pour l'usage depuis le dernier règlement (ou s'il n'y a pas eu de règlement jusqu'alors, depuis le commencement des opérations faites en vertu de la licence) afin de déterminer la quantité des spiritueux actuellement employés dans la production du vinaigre durant la dite période; et afin d'assurer l'uniformité le département peut établir tels règlements que le ministre jugera convenables pour la gouverne de l'inspecteur.

16. Le pourcentage de l'acide acétique contenu dans le vinaigre ainsi produit dans une manufacture en douane sera déterminée par telles épreuves chimiques ordinaires, faites avec tels appareils qu'il pourra être requis par les règlements du département ou instructions à cet effet.

17. Les officiers du revenu de l'intérieur pourront en tout temps prendre, suivant qu'ils le jugeront nécessaire, des échantillons de n'importe quel baril de vinaigre ou autre article fait dans la manufacture ou qui y aura été apporté pour en déterminer la force et la qualité. Les échantillons ainsi éprouvés seront envoyés au département pour être vérifiés, et dans le cas où la preuve faite par ce dernier différerait avec celle faite par l'officier en charge de la manufacture, l'épreuve faite par le département sera considérée comme finale.

18. Tous spiritueux ou autres articles et matériaux apportés dans la manufacture, qu'ils soient sujets aux droits de douane ou d'accise, ou non, seront immédiatement placés dans un appartement approprié à cette fin et enfermés au moyen d'un cadenas du gouvernement, dont l'unique clef sera confiée à la garde exclusive d'un officier du revenu de l'intérieur; et aucun baril de spiritueux ou autre article ne sera enlevé de cet appartement ainsi fermé à clef si ce n'est en présence de l'officier qui est le gardien actuel de la clef; en sa présence chaque article sorti de l'appartement sera immédiatement transporté à la salle de coupage ou à celle où il doit être utilisé et appliqué aux fins qu'on se propose.

19. Il ne sera emmagasiné dans les manufactures en douane aucun article autre que ceux qui doivent entrer dans la fabrication des articles énumérés dans la formule accompagnant la demande d'une licence.

20. Toute marque d'accise faite sur un colis quelconque dans lequel des articles sujets aux droits sont transportés dans une manufacture en douane devra être enlevée de tel colis quand ce dernier est sorti de l'appartement où il a été enfermé à clef (en conformité de la clause 17e.)

21. Il ne sera pas permis à une personne licenciée comme fabricant en douane de faire le commerce de vente ou achat de spiritueux ou boissons spiritueuses dans la maison pour laquelle telle licence a été prise, non plus que dans une maison située dans un rayon de cinq cents verges de telle maison licenciée, à moins que tels achat et vente soient une conséquence nécessaire du genre d'affaires pour lequel la licence aura été accordée, et que permission pour exercer tel genre d'affaires soit spécialement accordée dans la licence.

22. Il ne sera entré dans une manufacture en douane aucun spiritueux dont les droits auront été acquittés (excepté les articles sur lesquels la différence entre les droits d'accise et de douane a été

payée en vertu du statut 43 Victoria, chapitre 19, section 35, sous-section 11.

23. Les spiritueux qui doivent être convertis en esprits méthyliques ne devront pas être d'une force moindre que de soixante au-dessus de preuve, et si après avoir été ainsi convertis ils sont trouvés sur le marché, en magasin ou en transit d'une force moindre ils seront traités comme les esprits ordinaires ou méthyliques illégalement sortis d'un entrepôt ou distillerie sans paiement de droits.

24. Les esprits méthyliques seront manufacturés suivant la formule suivante:—

A chaque cent gallons de spiritueux d'une force pas moindre de soixante au-dessus de preuve suivant l'hydromètre de Syke il sera mêlé douze gallons de "naphte de bois de commerce" ayant une gravité spécifique de pas moins que .815 ni plus que .830 à une température de 62° Fahrenheit, et le naphte de bois ainsi employé ne devra pas être passé par plus d'un procédé de concentration et n'être non plus de la qualité connue sous le nom d'alcool de bois.

25. Le naphte de bois employé dans toute manufacture en douane pour la production des esprits méthyliques—pourra être fourni par le département du revenu de l'intérieur—de telle façon qui pourra être déterminée par le ministre du revenu de l'intérieur.

26. Les échantillons de naphte de bois fournis à une manufacture en douane seront vérifiés quant à leur qualité et gravité spécifique par l'officier du revenu de l'intérieur nommé ou désigné à cette fin; et le naphte duquel tels échantillons sont pris ne sera employé ni sorti de l'appartement fermé à clef dans lequel il est emmagasiné, si ce n'est pour le sortir de la manufacture (un permis pour tel déplacement ayant d'abord été obtenu par écrit du percepteur du revenu de l'intérieur), jusqu'à ce qu'il ait été ainsi éprouvé et approuvé comme convenable pour la préparation des esprits méthyliques, par le dit percepteur du revenu de l'intérieur.

27. Des échantillons d'esprits méthyliques pourront être pris en tout temps par un officier du revenu de l'intérieur des récipients contenant tels esprits, soit dans la manufacture ou ailleurs, et si ces échantillons une fois analysés par un expert nommé par l'autorité en vertu de l'Acte 37 Vict., chap. 8, manquent dans une proportion notable de la quantité de naphte de bois au méthylène prescrits par le présent, les esprits auxquels ces échantillons auront été pris seront considérés comme ayant été illégalement sortis d'une distillerie ou entrepôt de douane sans paiement de droit, et seront traités en conséquence.

28. L'appartement où le naphte de bois est mêlé avec les spiritueux ne sera accessible au propriétaire qu'en présence d'un officier du revenu de l'intérieur.

29. Il ne sera pas mêlé chaque fois moins de 250 gallons d'alcool, à moins d'une permission spéciale obtenue d'abord du département; le mélange devant être fait dans un récipient ouvert en présence de l'officier qui en constatera alors la force et de la quantité.

30. Après que le coupage aura été parfaitement effectué, l'officier présent constatera la force et la quantité du mélange. Ce dernier sera alors placé dans des barils marqués sur fonds en caractères lisibles, comme suit:—

Esprits méthyliques.

Numéro d'ordre du récipient.

Date du coupage.

Nombre de gallons dans le récipient.

Force.

Nombre de gallons en esprit.

Nom de la division.

Initiales de l'officier sous l'inspection duquel le coupage a eu lieu.

Numéro de l'entrée sous laquelle l'emmagasinage est fait.

31. Il sera tenu dans la manufacture un livre du capital dans lequel seront entrés :—

(a) Les détails de tout baril d'alcool apporté dans la manufacture, déclarant l'endroit où il a été manufacturé, ses force et quantité, les marques, etc., sur les barils, et le numéro général du permis en vertu duquel ils ont été transportés à la manufacture.

(b) Les détails de toute quantité mêlée, montrant les marques, etc., des barils originaux d'où elle a été tirée ; les force et quantité des " esprits méthyliques " qui en ont été produits et les détails quant aux marques, nombres, etc., sur les barils dans lesquels elle est placée.

32. Toute entrée dans le livre du capital devra être vérifiée et porter les initiales de l'officier en charge.

33. Le département du revenu de l'intérieur est autorisé à traiter toutes les manufactures quant à la quantité de vinaigre devant être produite d'une quantité donnée de spiritueux comme si ces règlements étaient en force depuis le premier jour de juillet 1881.

34. Les ordres en Conseil suivants sont par le présent révoqués, savoir :

30 mai 1868—Etablissant des règlements pour les manufactures en douane.

DEMANDES AU PARLEMENT.

PARLEMENT FÉDÉRAL.

Règles relatives aux avis de bills privés.

51. Dans le cas de toute demande de bill privé, proprement du ressort législatif du Parlement du Canada, suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, et ayant pour objet, soit la construction d'un pont, d'un chemin de fer, d'un chemin à barrières ou d'une ligne télégraphique; soit la construction ou l'amélioration d'un port, d'un canal, d'une écluse, d'une digue ou d'une glissoire, ou autre ouvrage semblable; soit la concession d'un droit de passage d'eau, l'incorporation de professions ou métiers, ou d'une compagnie de banque ou autre compagnie par actions, soit la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, soit le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société; ou ayant pour objet quelque amendement de même nature à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande, et signé (excepté s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit

Dans les provinces de Québec et de Manitoba :

Un avis doit être inséré dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces :

Un avis doit être inséré dans la *Gazette du Canada* et dans un journal du comté ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal, alors la publication doit se faire dans un journal du comté le plus voisin où il s'en publie.

La publication de ces avis durera, dans chaque cas la période de deux mois pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Un exemplaire des numéros des journaux, reproduisant la première et la dernière insertion de l'avis, devra être transmis au greffier de chaque Chambre.

Toute personne désirant obtenir un bill privé devra, dans les huit jours qui précéderont l'ouverture du Parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Il en sera imprimé 600 exemplaires en anglais et 200 en français; la traduction devra être faite par les officiers de la Chambre, et l'impression par l'entrepreneur des impressions. Le pétitionnaire aura aussi à payer au comptable de la Chambre une somme de \$200, plus le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comté auquel ce bill aura été renvoyé—le dit paiement sera effectué immédiatement après la seconde lecture avant la prise en considération du bill par le comité.

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, le pétitionnaire ou les pétitionnaires devront, en même temps qu'ils donneront l'avis prescrit par la règle précédente, donner aussi, de la même manière, avis des péages qu'ils entendent exiger, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piliers pour le passage de radcaux et des navires; et mentionner de plus s'ils se proposent de construire un pont mobile, et quelles en seront les dimensions.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par l'une ou par l'autre Chambre après les dix premiers jours de la session.

ROBERT LEMOINE,
Greffier du Sénat.
JOHN GEORGE BOURINOT,
Greffier des Communes.

Règles du Sénat relatives aux avis de bills de divorce.

72. Quiconque a l'intention de demander un bill de divorce, doit donner avis de son intention, et spécifier d'avec qui et pour quelle cause il veut divorcer. L'avis doit être inséré pendant six mois, à la *Gazette du Canada*, et dans deux journaux du district (si c'est dans les provinces de Québec et de Manitoba.) ou du comté ou des comtés-unis, (si c'est dans les autres provinces,) où le pétitionnaire résidait ordinairement lors de la séparation; et si le nombre voulu de journaux n'y paraît pas, alors la publication de l'avis devra se faire dans le district, le comté ou les comtés-unis voisins.

Un exemplaire en manuscrit de l'avis devra être signifié, à l'instance du pétitionnaire, à la personne d'avec laquelle il veut divorcer, si le lieu de la résidence de cette dernière peut être connu; et la preuve de cette signification ou de la diligence faite pour l'effectuer, doit être produite sous serment devant le Sénat et à sa satisfaction, lors de la lecture de la pétition.

ROBERT LEMOINE,
Greffier du Sénat.

MILITIA GENERAL ORDERS.

HEAD QUARTERS,

Ottawa, 16th December, 1881.

GENERAL ORDERS (28).

No. 1.

Unauthorized Meetings in Corps.

With much regret the Major General Commanding considers it necessary to warn the Militia against a breach of discipline which has occurred in one of the Battalions. In that Battalion a meeting of Officers took place, in spite of the distinct orders to the contrary of the Battalion Commanding Officer, and at that meeting these Officers proposed, seconded, and passed a resolution condemning, in strong terms, the orders and conduct of their Commanding Officer. The Major General regrets that in the Militia of Canada any Officers could be found who were so ignorant of the foundations of discipline, and to mark his sense of the graveness of the offence the Minister of Militia has approved of their services being dispensed with.

The Orders and Regulations lay down what meetings, for Mess, Band, Finance or other matters, may be permitted, when ordered by the Commanding Officer, and the Major General wishes to impress on the minds of all Officers that no meetings can be permitted, the assembly of which has not been ordered by the Commanding Officer, who is held responsible that they shall be for proper purposes.

No. 2.

Complimentary to Canadian Artillery Team at Shoeburyness.

It affords the Major General great pleasure to be able to publish, for the information of the Militia, that, in a letter from the War Office dated 1st November, 1881, it is stated that the Secretary of State for War has read with much satisfaction the very favorable opinion recorded by Colonel Hastings, R.A., the Commandant of the School of Gunnery at Shoeburyness, on the detachment of Artillery of the Militia of Canada, who attended the camp of the National Artillery Association this year, as regards discipline, drill and appearance, and that in a despatch from the Secretary of State for the Colonies dated 10th November, the Earl of Kimberley cordially joins in that expression of satisfaction.

The following are the terms of the Report alluded to made by Colonel Hastings, R.A., Commandant School of Gunnery, Shoeburyness, to the Deputy Adjutant General, Royal Artillery Horse Guards:—

"13. Amongst the various volunteers this year, was a detachment of 2 officers and 20 non-commissioned officers and men of the Dominion of Canada Artillery, under the command of Lieut. Colonel Oswald.

"The appearance and turn out of these men was very good, and all their work at the repository exercise was remarkably good. The No. 1 is a most intelligent non-commissioned officer, and thoroughly up to all the drills and exercises.

"The shooting of the detachment was not as good as their drill.

"The behaviour of these men, the whole time they were here, some three weeks, was such as to give me a most favourable opinion of their discipline."

No. 3.

The following has been authorized to be added to Paragraph 793 as sub-paragraph (a):—

"(a). In cases, however, where a non-commissioned officer who has obtained a 3rd or 4th class certificate in a School of Gunnery, is afterwards appointed an Officer, he may be permitted to rejoin the school within such two years for the purpose of qualifying for a higher class certificate."

Signée à Londres, le 21 juin 1881.

Le gouvernement de Sa Majesté la Reine du Royaume-Uni de la Grande-Bretagne et d'Irlande et le gouvernement de Sa Majesté le Roi du Danemark, étant désireux, pour le bénéfice du commerce des deux pays, de faciliter la découverte, l'appréhension et la reddition des marins qui peuvent désertir les bâtiments marchands de l'un ou l'autre des deux pays, sur la base d'une pleine et entière réciprocité, ont convenu de ce qui suit :

Il est convenu de part et d'autre, que si un matelot ou mousse, n'étant pas esclave, déserte un bâtiment appartenant à un sujet de l'une ou l'autre des parties au contrat, dans un port situé dans les territoires ou dans les possessions ou colonies de l'autre partie au contrat, les autorités de tels port et territoire, possession ou colonie, seront tenues de donner toute aide en leur pouvoir pour l'appréhension et la remise à bord de tels déserteurs, sur demande à cet effet à elles faite par le Consul du pays auquel appartient le navire du déserteur, ou par le député ou représentant du Consul.

Il est compris que les stipulations qui précèdent ne s'appliquent pas aux sujets du pays où la désertion a lieu.

Chacune des deux Hautes Parties au contrat se réserve le droit de mettre fin à la convention en donnant à l'autre avis de son désir à cet effet.

En foi de quoi les soussignés dûment autorisés à cette fin, ont signé la présente convention et y ont apposé leurs sceaux.

ORDRES GENERAUX DE MILICE.

QUARTIERS GÉNÉRAUX,

OTTAWA, 16 décembre 1881.

ORDRES GÉNÉRAUX (27).

No. 1.

Assemblées sans autorisation dans les corps de milice.

C'est avec beaucoup de regret que le major général commandant considère nécessaire de mettre la milice en garde contre un manque de discipline qui s'est présenté dans un bataillon. Dans ce bataillon une assemblée des officiers eut lieu contre la détense précise de l'officier commandant, et à cette assemblée ces officiers proposèrent, appuyèrent et adoptèrent une résolution censurant en termes violents les ordres et la conduite de leur officier commandant. Le major général regrette que l'on puisse trouver dans la milice du Canada des officiers aussi ignorants des principes de la discipline, et le ministre de la milice, pour marquer combien il ressent la gravité de l'offense, a approuvé leur révocation.

Les règlements font connaître quelles assemblées, pour l'ordinaire, la musique, les finances ou autres choses peuvent être permises sur l'ordre de l'officier commandant, et le major général désire faire bien comprendre à tous les officiers qu'aucune assemblée ne peut être permise que sur l'autorisation de l'officier commandant qui doit voir à ce qu'elle soit tenue pour des fins convenables.

No. 2.

Compliments au parti d'artilleurs canadiens à Shoeburyness.

Le major général a beaucoup de plaisir de pouvoir publier pour l'information de la milice, que dans une lettre émanée du ministère de la guerre (War Office), en date du 1er novembre 1881, il est rapporté que le Secrétaire d'Etat pour la guerre a lu avec beaucoup de satisfaction, l'opinion bien flatteuse émise par le colonel Hastings, A. R., commandant l'école d'artillerie à Shoeburyness, sur le détachement d'artillerie de la milice du Canada qui fit partie du camp de l'Association nationale d'artillerie cette année, relativement à la discipline, à l'exercice et à la tenue, et que dans une dépêche du Secrétaire d'Etat pour les colonies en date du 10 novembre, le comte de Kimberley partage cordialement cette satisfaction.

Le rapport du colonel Hastings, A. R., commandant l'école d'artillerie à Shoeburyness, au sous-adjutant général d'artillerie royale, Horse Guards, est fait dans les termes suivants :

" 13. Parmi les volontaires cette année, se trouvait un détachement composé de deux officiers et de vingt sous-officiers et soldats de l'artillerie du Canada, sous le commandement du lieutenant-colonel Oswald.

" Leur tenue a été excellente et tout leur travail aux exercices remarquablement bon. Le No. 1, est un des sous-officiers les plus intelligents et est parfaitement au fait de toutes les manœuvres.

" Le tir du détachement a été inférieur à ses exercices.

" La conduite de ces hommes tout le temps qu'ils furent ici, trois semaines, fut propre à me donner l'opinion la plus favorable de leur discipline."

No. 3.

RÈGLEMENTS DE LA MILICE, 1879.

Ecoles royales d'artillerie.

L'addition suivante au paragraphe 793 a été approuvée et formera un sous-paragraphe :

" (a) Dans les cas, cependant, où un sous-officier en possession d'un certificat de 3e ou 4e classe dans une école d'artillerie est par la suite nommé officier, il pourra entrer de nouveau à l'école dans les deux années qui suivront, dans le but d'obtenir un certificat d'une classe supérieure.

DEMANDES AU PARLEMENT

PARLEMENT FÉDÉRAL.

Règles relatives aux avis de bills privés.

51. Dans le cas de toute demande de bill privé, proprement du ressort législatif du Parlement du Canada, suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, et ayant pour objet, soit la construction d'un pont, d'un chemin de fer, d'un chemin à barrières ou d'une ligne télégraphique; soit la construction ou l'amélioration d'un port, d'un canal, d'une écluse, d'une digue ou d'une glissoire, ou autre ouvrage semblable; soit la concession d'un droit de passage d'eau, l'incorporation de professions ou métiers, ou d'une compagnie de banque ou autre compagnie par actions, soit la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, soit le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société; ou ayant pour objet quelque amendement de même nature à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande, et signé (excepté s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit

Dans les provinces de Québec et de Manitoba :

Un avis doit être inséré dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces :

Un avis doit être inséré dans la *Gazette du Canada* et dans un journal du comté ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal, alors la publication doit se faire dans un journal du comté le plus voisin où il s'en publie.

La publication de ces avis durera, dans chaque cas la période de deux mois pendant l'intervalle de temps

qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Un exemplaire des numéros des journaux, reproduisant la première et la dernière insertion de l'avis, devra être transmis au greffier de chaque Chambre.

Toute personne désirant obtenir un bill privé devra, dans les huit jours qui précéderont l'ouverture du Parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Il en sera imprimé 600 exemplaires en anglais et 200 en français; la traduction devra être faite par les officiers de la Chambre, et l'impression par l'entrepreneur des impressions. Le pétitionnaire aura aussi à payer au comptable de la Chambre une somme de \$200, plus le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé—le dit paiement sera effectué immédiatement après la seconde lecture avant la prise en considération du bill par le comité.

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, le pétitionnaire ou les pétitionnaires devront, en même temps qu'ils donneront l'avis prescrit par la règle précédente, donner aussi, de la même manière, avis des péages qu'ils entendent exiger, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piliers pour le passage de radeaux et des navires; et mentionner de plus s'ils se proposent de construire un pont mobile, et quelles en seront les dimensions.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par l'une ou par l'autre Chambre après les dix premiers jours de la session.

ROBERT LEMOINE,

Greffier du Sénat.

JOHN GEORGE BOURINOT,

Greffier des Communes.

Règles du Sénat relatives aux avis de bills de divorce.

72. Quiconque a l'intention de demander un bill de divorce, doit donner avis de son intention, et spécifier d'avec qui et pour quelle cause il veut divorcer. L'avis doit être inséré pendant six mois, à la *Gazette du Canada*, et dans deux journaux du district (si c'est dans les provinces de Québec et de Manitoba.) ou du comté ou des comtés-unis, (si c'est dans les autres provinces,) où le pétitionnaire résidait ordinairement lors de la séparation; et si le nombre voulu de journaux n'y paraît pas, alors la publication de l'avis devra se faire dans le district, le comté ou les comtés-unis voisins.

Un exemplaire en manuscrit de l'avis devra être signifié, à l'instance du pétitionnaire, à la personne d'avec laquelle il veut divorcer, si le lieu de la résidence de cette dernière peut être connu; et la preuve de cette signification ou de la diligence faite pour l'effectuer, doit être produite sous serment devant le Sénat et à sa satisfaction, lors de la lecture de la pétition.

COLONIZATION.

Plan Number One.

8. Agreements may be entered into with any company or person (hereinafter called the party) to colonize and settle tracts of land on the following conditions :

a. The party applying must satisfy the Government of its good faith and ability to fulfil the stipulations contained in these regulations.

b. The tract of land granted to any party shall be in Class D.

9. The odd-numbered sections within such tract may be sold to the party at \$2 per acre, payable, one-fifth in cash at the time of entering into the contract, and the balance in four equal annual instalments from and after that time. The party shall also pay to the Government five cents per acre for the survey of the land purchased by it, the same to be payable in four equal annual instalments at the same time as the instalments of the purchase money. Interest at the rate of six per cent per annum shall be charged on all past due instalments.

- a. The party shall, within five years from the date of the contract, colonize its tract.
 - b. Such colonization shall consist in placing two settlers on homesteads on each even-numbered section, and also two settlers on each odd-numbered section.
 - c. The party may be secured for advances made to settlers on homesteads according to the provisions of the 10th section of the Act 44 Victoria, chap. 16. (The Act passed in 1881 to amend the Dominion Lands Acts.)
 - d. The homesteads of 160 acres shall be the property of the settler, and he shall have the right to purchase the pre-emption lot belonging to his homestead at \$2 per acre, payable in one sum at the end of three years from the date of entry, or at such earlier date as he may under the provisions of the Dominion Lands Acts obtain a patent for his homestead.
 - e. When the settler on a homestead does not take up the pre-emption lot to which he has a right, the party may within three months after the settler's right has elapsed purchase the same at \$2 per acre, payable in cash at the time of purchase.
10. In consideration of having colonized its tract of land in the manner set forth in sub-section b of the last preceding clause, the party shall be allowed a rebate of one-half the original purchase-money of the odd-numbered sections in its tract.

- a. During each of the five years covered by the contract an enumeration shall be made of the settlers placed by the party in its tract, in accordance with sub-section b of clause 9 of these regulations, and for each *bonâ fide* settler so found therein a rebate of one hundred and twenty dollars shall be credited to the party; but the sums so credited shall not, in the aggregate, at any time exceed one hundred and twenty dollars for each *bonâ fide* settler found within the tract, in accordance with the said sub-section, at the time of the latest enumeration.
- b. On the expiration of the five years an enumeration shall be made of the *bonâ fide* settlers on the tract, and if they are found to be as many in number and placed in the manner stipulated for in sub-section b of clause 9 of these regulations, a further and final rebate of forty dollars per settler shall be credited to the party, which sum, when added to those previously credited, will amount to one-half of the purchase money of the odd-numbered sections and reduce the price thereof to one dollar per acre. But if it should be found that the full number of settlers required by these regulations are not on the tract, or are not placed in conformity with sub-section b of clause 9 of these regulations then, for each settler fewer than the required number, or not placed in conformity with the said sub-section, the party shall forfeit one hundred and sixty dollars of rebate.
- c. If at any time during the existence of the contract the party shall have failed to perform any of the conditions thereof the Governor in Council may cancel the sale of the land purchased by it and deal with the party as may seem meet under the circumstances.

- d. To be entitled to rebate the party shall furnish to the Minister of the Interior evidence that will satisfy him that the tract has been colonized and settled in accordance with sub-section b of clause 9 of these regulations.

Plan Number two.

11. To encourage settlement by capitalists who may desire to cultivate larger farms than can be purchased where the regulations provide that two settlers shall be placed on each section (but without diminishing the number of settlers required to be placed within each township), agreements may be entered into with any company or person (hereinafter called the party) to colonize and settle tracts of land on the following conditions:

- a. The party applying must satisfy the Government of its good faith and ability to fulfil the stipulations contained in these regulations.
 - b. The tract of land granted to any party shall be in Class D.

 - d. The party shall, within five years from the date of the contract, colonize the township or townships comprised within its tract.
 - e. Such colonization shall consist in placing sixty-four *bonâ fide* settlers within each township.
12. In consideration of having colonized its tract of land in the manner set forth in sub-section e of the last preceding clause, the party shall be allowed a rebate of one-half of the original purchase-money of its tract.

- a. During each of the five years covered by the contract an enumeration shall be made of the settlers placed by the party in its tract, in accordance with sub-section e of clause 11 of these regulations, and for each *bonâ fide* settler so found therein a rebate of one hundred and twenty dollars shall be repaid to the party; but the sums so repaid shall not, in the aggregate, at any time exceed one hundred and twenty dollars for each *bonâ fide* settler found within the tract, in accordance with the said sub-section at the time of the latest enumeration.
- b. On the expiration of the five years an enumeration shall be made of the *bonâ fide* settlers placed by the party in its tract, and if they are found to be as many in number and placed in the manner stipulated for in sub-section e of clause 11 of these regulations, a further and final rebate of forty dollars per settler shall be repaid, which sum when added to those previously repaid to the party will amount to one-half of the purchase money of its tract and reduce the price thereof to one dollar per acre. But if it should be found that the full number of settlers required by these regulations are not on the tract, or are not placed in conformity with the said sub-section, then, for each settler fewer than the required number or not settled in conformity with the said sub-section, the party shall forfeit one hundred and sixty dollars of rebate.
- c. To be entitled to rebate, the party shall furnish to the Minister of the Interior evidence that will satisfy him that the tract has been colonized and settled in accordance with sub-section e of clause 11 of these regulations.

OFFICIAL NOTICE.

13. The Government shall give notice in the *Canada Gazette* of all agreements entered into for the colonization and settlement of tracts of land under the foregoing plans in order that the public may respect the rights of the purchasers.

TIMBER FOR SETTLERS.

14. The Minister of the Interior may direct the reservation of any odd or even numbered section having timber upon it, to provide wood for homestead settlers; and each such settler may, where the opportunity for so doing exists, purchase a wood lot, not exceeding 20 acres, at the price of \$5 per acre in cash.

15. The Minister of the Interior may grant, under the provisions of the Dominion Lands Acts, licenses to cut timber on lands within surveyed townships. The lands covered by such licenses are hereby withdrawn from homestead and pre-emption entry and from sale.

PASTURAGE LANDS.

16. Under the authority of the Act 44 Vict., chap. 16, leases of tracts for grazing purposes may be granted on the following conditions:

- c. The lessee shall pay an annual rental at the rate of \$10 for every 10,000 acres embraced by his lease, and shall within three years from the granting of the lease, place on the tract one head of cattle for every ten acres of land embraced by the lease, and shall during its term maintain cattle thereon in at least that proportion.

DEMANDES AU PARLEMENT.

PARLEMENT FÉDÉRAL.

Règles relatives aux avis de bills privés.

51. Dans le cas de toute demande de bill privé, proprement du ressort législatif du Parlement du Canada, suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, et ayant pour objet, soit la construction d'un pont, d'un chemin de fer, d'un chemin à barrières ou d'une ligne télégraphique; soit la construction ou l'amélioration d'un port, d'un canal, d'une écluse, d'une digue ou d'une glissoire, ou autre ouvrage semblable; soit la concession d'un droit de passage d'eau, l'incorporation de professions ou métiers, ou d'une compagnie de banque ou autre compagnie par actions, soit la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, soit le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société; ou ayant pour objet quelque amendement de même nature à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande, et signé (excepté s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit

Dans les provinces de Québec et de Manitoba :

Un avis doit être inséré dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces :

Un avis doit être inséré dans la *Gazette du Canada* et dans un journal du comté ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal, alors la publication doit se faire dans un journal du comté le plus voisin où il s'en publie.

La publication de ces avis durera, dans chaque cas la période de deux mois pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Un exemplaire des numéros des journaux, reproduisant la première et la dernière insertion de l'avis, devra être transmis au greffier de chaque Chambre.

Toute personne désirant obtenir un bill privé devra, dans les huit jours qui précéderont l'ouverture du Parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Il en sera imprimé 600 exemplaires en anglais et 200 en français; la traduction devra être faite par les officiers de la Chambre, et l'impression par l'entrepreneur des impressions. Le pétitionnaire aura aussi à payer au comptable de la Chambre une somme de \$200, plus le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé.—le dit paiement sera effectué immédiatement après la seconde lecture avant la prise en considération du bill par le comité.

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, le pétitionnaire ou les pétitionnaires devront, en même temps qu'ils donneront l'avis prescrit par la règle précédente, donner aussi, de la même manière, avis des péages qu'ils entendent exiger, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piliers pour le passage de radeaux et des navires; et mentionner de plus s'ils se proposent de construire un pont mobile, et quelles en seront les dimensions.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par l'une ou par l'autre Chambre après les dix premiers jours de la session.

ROBERT LEMOINE,

Greffier du Sénat.

JOHN GEORGE BOURINOT,

Greffier des Communes

Règles du Sénat relatives aux avis de bills de divorce.

72. Quiconque a l'intention de demander un bill de divorce, doit donner avis de son intention, et spécifier d'avec qui et pour quelle cause il veut divorcer. L'avis doit être inséré pendant six mois, à la *Gazette du Canada*, et dans deux journaux du district (si c'est dans les provinces de Québec et de Manitoba.) ou du comté ou des comtés-unis, (si c'est dans les autres provinces,) où le pétitionnaire résidait ordinairement lors de la séparation; et si le nombre voulu de journaux n'y paraît pas, alors la publication de l'avis devra se faire dans le district, le comté ou les comtés-unis voisins.

Un exemplaire en manuscrit de l'avis devra être signifié, à l'instance du pétitionnaire, à la personne d'avec laquelle il veut divorcer, si le lieu de la résidence de cette dernière peut être connu; et la preuve de cette signification ou de la diligence faite pour l'effectuer, doit être produite sous serment devant le Sénat et à sa satisfaction, lors de la lecture de la pétition.

The following Regulations for the sale and settlement of Dominion Lands in the Province of Manitoba and the North-West Territories shall, on and after the first day of January, 1882, be substituted for the Regulations now in force, bearing date the twenty-fifth day of May last :—

1. The surveyed lands in Manitoba and the North-West Territories shall, for the purposes of these Regulations, be classified as follows :

Class A.—Lands within twenty-four miles of the main line or any branch line of the Canadian Pacific Railway, on either side thereof.

Class B.—Lands within twelve miles, on either side, of any projected line of railway (other than the Canadian Pacific Railway), approved by Order in Council published in the *Canada Gazette*.

2. The even-numbered sections in all the foregoing classes are to be held exclusively for homesteads and pre-emptions.

a. Except in Class D where they may be affected by colonization agreements as hereinafter provided.

b. Except where it may be necessary, out of them, to provide wood lots for settlers ;

c. Except in cases where the Minister of the Interior, under provisions of the Dominion Lands Acts, may deem it expedient to withdraw certain lands, and sell them at public auction or otherwise deal with them as the Governor in Council may direct.

3. The odd-numbered sections in Class A are reserved for the Canadian Pacific Railway Company.

4. The odd-numbered sections in Classes B and C shall be for sale at \$2.50 per acre, payable at time of sale :

a. Except where they have been or may be dealt with otherwise by the Governor in Council.

5. The odd-numbered sections in Class D shall be for sale at \$2 per acre, payable at time of sale :

a. Except where they have been or may be dealt with otherwise by the Governor in Council.

b. Except lands affected by colonization agreements, as hereinafter provided.

6. Persons who, subsequent to survey, but before the issue of the Order in Council of 9th October, 1879, excluding odd-numbered sections from homestead entry, took possession of land in odd-numbered sections by residing on and cultivating the same, shall, if continuing so to occupy them, be permitted to obtain homestead and pre-emption entries as if they were on even-numbered sections.

PRE-EMPTIONS.

7. The prices for pre-emption lots shall be as follows :

For lands in Classes A, B and C, \$2.50 per acre.

For lands in Class D, \$2.00 per acre.

Payment shall be made in one sum at the end of three years from the date of entry, or at such earlier date as a settler may, under the provisions of the Dominion Lands Acts, obtain a patent for the homestead to which such pre-emption lot belongs.

COLONIZATION.

Plan Number One.

8. Agreements may be entered into with any company or person (hereinafter called the party) to colonize and settle tracts of land on the following conditions :

a. The party applying must satisfy the Government of its good faith and ability to fulfil the stipulations contained in these regulations.

b. The tract of land granted to any party shall be in Class D.

9. The odd-numbered sections within such tract may be sold to the party at \$2 per acre, payable, one-fifth in cash at the time of entering into the contract, and the balance in four equal annual instalments from and after that time. The party shall also pay to the Government five cents per acre for the survey of the land purchased by it, the same to be payable in four equal annual instalments at the same time as the instalments of the purchase money. Interest at the rate of six per cent per annum shall be charged on all past due instalments.

a. The party shall, within five years from the date of the contract, colonize its tract.

b. Such colonization shall consist in placing two settlers on homesteads on each even-numbered section, and also two settlers on each odd-numbered section.

c. The party may be secured for advances made to settlers on homesteads according to the provisions of the 10th section of the Act 44 Victoria, chap. 16. (The Act passed in 1881 to amend the Dominion Lands Acts.)

d. The homesteads of 160 acres shall be the property of the settler, and he shall have the right to purchase the pre-emption lot belonging to his homestead at \$2 per acre, payable in one sum at the end of three years from the date of entry, or at such earlier date as he may under the provisions of the Dominion Lands Acts obtain a patent for his homestead.

e. When the settler on a homestead does not take up the pre-emption lot to which he has a right, the party may within three months after the settler's right has elapsed purchase the same at \$2 per acre, payable in cash at the time of purchase.

10. In consideration of having colonized its tract of land in the manner set forth in sub-section b of the last preceding clause, the party shall be allowed a rebate of one-half the original purchase-money of the odd-numbered sections in its tract.

a. During each of the five years covered by the contract an enumeration shall be made of the settlers placed by the party in its tract, in accordance with sub-section b of clause 9 of these regulations, and for each *bonâ fide* settler so found therein a rebate of one hundred and twenty dollars shall be credited to the party ; but the sums so credited shall not, in the aggregate, at any time exceed one hundred and twenty dollars for each *bonâ fide* settler found within the tract, in accordance with the said sub-section, at the time of the latest enumeration.

b. On the expiration of the five years an enumeration shall be made of the *bonâ fide* settlers on the tract, and if they are found to be as many in number and placed in the manner stipulated for in sub-section b of clause 9 of these regulations, a further and final rebate of forty dollars per settler shall be credited to the party, which sum, when added to those previously credited, will amount to one-half of the purchase money of the odd-numbered sections and reduce the price thereof to one dollar per acre. But if it should be found that the full number of settlers required by these regulations are not on the tract, or are not placed in conformity with sub-section b of clause 9 of these regulations then, for each settler fewer than the required number, or not placed in conformity with the said sub-section, the party shall forfeit one hundred and sixty dollars of rebate.

c. If at any time during the existence of the contract the party shall have failed to perform any of the conditions thereof the Governor in Council may cancel the sale of the land purchased by it and deal with the party as may seem meet under the circumstances.

- d.* To be entitled to rebate the party shall furnish to the Minister of the Interior evidence that will satisfy him that the tract has been colonized and settled in accordance with sub-section *b* of clause 9 of these regulations.

Plan Number two.

11. To encourage settlement by capitalists who may desire to cultivate larger farms than can be purchased where the regulations provide that two settlers shall be placed on each section (but without diminishing the number of settlers required to be placed within each township), agreements may be entered into with any company or person (hereinafter called the party) to colonize and settle tracts of land on the following conditions:

- a.* The party applying must satisfy the Government of its good faith and ability to fulfil the stipulations contained in these regulations.
- b.* The tract of land granted to any party shall be in Class D.
- c.* All the land within the tract may be sold to the party at two dollars per acre, payable in cash, at the time of entering into the contract. The party shall, at the same time, pay to the Government five cents per acre for the survey of the land purchased by it.
- d.* The party shall, within five years from the date of the contract, colonize the township or townships comprised within its tract.
- e.* Such colonization shall consist in placing sixty-four *bonâ fide* settlers within each township.

12. In consideration of having colonized its tract of land in the manner set forth in sub-section *e* of the last preceding clause, the party shall be allowed a rebate of one-half of the original purchase-money of its tract.

- a.* During each of the five years covered by the contract an enumeration shall be made of the settlers placed by the party in its tract, in accordance with sub-section *e* of clause 11 of these regulations, and for each *bonâ fide* settler so found therein a rebate of one hundred and twenty dollars shall be repaid to the party; but the sums so repaid shall not, in the aggregate, at any time exceed one hundred and twenty dollars for each *bonâ fide* settler found within the tract, in accordance with the said sub-section at the time of the latest enumeration.

- b.* On the expiration of the five years an enumeration shall be made of the *bonâ fide* settlers placed by the party in its tract, and if they are found to be as many in number and placed in the manner stipulated for in sub-section *e* of clause 11 of these regulations, a further and final rebate of forty dollars per settler shall be repaid, which sum when added to those previously repaid to the party will amount to one-half of the purchase money of its tract and reduce the price thereof to one dollar per acre. But if it should be found that the full number of settlers required by these regulations are not on the tract, or are not placed in conformity with the said sub-section, then, for each settler fewer than the required number or not settled in conformity with the said sub-section, the party shall forfeit one hundred and sixty dollars of rebate.

- c.* To be entitled to rebate, the party shall furnish to the Minister of the Interior evidence that will satisfy him that the tract has been colonized and settled in accordance with sub-section *e* of clause 11 of these regulations.

OFFICIAL NOTICE.

13. The Government shall give notice in the *Canada Gazette* of all agreements entered into for the colonization and settlement of tracts of land under the foregoing plans in order that the public may respect the rights of the purchasers.

TIMBER FOR SETTLERS

14. The Minister of the Interior may direct the reservation of any odd or even numbered section having timber upon it, to provide wood for homestead settlers; and each such settler may, where the opportunity for so doing exists, purchase a wood lot, not exceeding 20 acres, at the price of \$5 per acre in cash.

15. The Minister of the Interior may grant, under the provisions of the Dominion Lands Acts, licenses to cut timber on lands within surveyed townships. The lands covered by such licenses are hereby withdrawn from homestead and pre-emption entry and from sale.

PASTURAGE LANDS.

16. Under the authority of the Act 44 Vict., chap. 16, leases of tracts for grazing purposes may be granted on the following conditions:

- a.* Such leases to be for a period of not exceeding twenty-one years, and no single lease shall cover a greater area than 100,000 acres.
- b.* In surveyed territory, the land embraced by the lease shall be described in townships and sections. In unsurveyed territory, the party to whom a lease may be promised shall, before the issue of the lease, cause a survey of the tract to be made, at his own expense, by a Dominion Lands Surveyor, under instructions from the Surveyor-General; and the plan and field notes of such survey shall be deposited on record in the Department of the Interior.
- c.* The lessee shall pay an annual rental at the rate of \$10 for every 1,000 acres embraced by his lease, and shall within three years from the granting of the lease, place on the tract one head of cattle for every ten acres of land embraced by the lease, and shall during its term maintain cattle thereon in at least that proportion.
- d.* After placing the prescribed number of cattle upon the tract leased, the lessee may purchase land within his leasehold for a home farm and corral, paying therefor \$2.00 per acre in cash.
- e.* Failure to fulfil any of the conditions of his lease shall subject the lessee to forfeiture thereof.

17. When two or more parties apply for a grazing lease of the same land, tenders shall be invited, and the lease shall be granted to the party offering the highest premium therefor in addition to the rental. The said premium to be paid before the issue of the lease.

GENERAL PROVISIONS.

18. Payments for land may be in cash, scrip, or Police or Military Bounty Warrants.

19. These Regulations shall not apply to lands valuable for town plots, or to coal or other mineral lands, or to stone or marble quarries, or to lands having water power thereon; or to sections 11 and 29 in each Township, which are School Lands, or Sections 8 and 26, which belong to the Hudson's Bay Company.

Un avis doit être inséré dans la *Gazette du Canada* et dans un journal du comté ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal, alors la publication doit se faire dans un journal du comté le plus voisin où il s'en publie.

La publication de ces avis durera, dans chaque cas la période de deux mois pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Un exemplaire des numéros des journaux, reproduisant la première et la dernière insertion de l'avis, devra être transmis au greffier de chaque Chambre.

Toute personne désirant obtenir un bill privé devra, dans les huit jours qui précéderont l'ouverture du Parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Il en sera imprimé 600 exemplaires en anglais et 200 en français; la traduction devra être faite par les officiers de la Chambre, et l'impression par l'entrepreneur des impressions. Le pétitionnaire aura aussi à payer au comptable de la Chambre une somme de \$200, plus le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comté auquel ce bill aura été renvoyé—le dit paiement sera effectué immédiatement après la seconde lecture avant la prise en considération du bill par le comté.

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, le pétitionnaire ou les pétitionnaires devront, en même temps qu'ils donneront l'avis prescrit par la règle précédente, donner aussi, de la même manière, avis des péagés qu'ils entendent exiger, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piliers pour le passage de radeaux et des navires; et mentionner de plus s'ils se proposent de construire un pont mobile, et quelles en seront les dimensions.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par l'une ou par l'autre Chambre après les dix premiers jours de la session.
